RECENT DEVELOPMENTS

The following will be added at the end of the "Recent Developments" section beginning at page 70 of the Base Prospectus:

"The following press release was published by VINCI on 16 March 2017:

VINCI Airports wins the concession for Salvador's airport in Brazil

- **Total annual traffic close to 7.5 million passengers**
- **A 30-year concession contract**

On completion of a call for tenders initiated by ANAC (Agência Nacional de Aviação Civil), VINCI Airports was this Thursday awarded the concession for Deputado Luis Eduardo Magalhaes airport, for a 30-year term. Located in the city of Salvador, this airport is currently managed by the public operator Infraero.
With more than 7.5 million passengers welcomed in 2016, the Deputado Luis Eduardo Magalhaes airport in Salvador is Brazil's 9th-largest airport. The concession contract won by VINCI Airports covers operation, maintenance and extension-upgrading of the existing terminal and the runways system.

VINCI Airports, already established in Latin America, is the concessionaire since 1st October 2015 for a 20-year term of the Santiago de Chile International Airport, in the framework of a consortium, and since 9 April 2016, valid until March 2030, of six airports in the Dominican Republic, including that of Santo Domingo capital city.

This success marks a new stage in VINCI Concessions' development strategy in this part of the world : over the last two years, VINCI Concessions has carried out several investments in motorways' operation in Colombia and Peru."

"The following press release was published by VINCI on 23 March 2017:

Description of the 2017-2018 treasury share buy-back programme
submitted by the Board of Directors
for the approval of the Combined General Meeting of Shareholders of 20 April 2017

I-Summary

- The shares concerned by the 2017-2018 buy-back programme are VINCI shares listed for trading in the A Compartment of the regulated market of NYSE Euronext in Paris under ISIN code FR0000125486.

- The programme offers the possibility of purchasing shares up to a maximum of 10% of the number of shares making up the Company's share capital over a period of eighteen months from 20 April 2017 to 19 October 2018 (see duration of programme below). This limit is based on the number of shares making up the share capital at the time of the purchases.

  Since the programme provides for the possibility of using derivatives in performing it, the treasury shares that the Company could purchase through the exercise of the share purchase options that it may have bought previously will be included in the calculation of the maximum number of shares authorised over the eighteen-month duration of the programme, at the time of the purchase of these share purchase options, and not at the time of their exercise, if any.

- Maximum purchase price: €90.

- Maximum amount of purchases authorised: €2 billion.

- The purchase cost of any derivatives used by the Company in connection with the programme shall be recognised in the maximum amount authorised at the time they are put in place. The amount relating to the price of any treasury shares acquired through the exercise of share purchase options shall only be recognised at the time of their exercise. Additional amounts that may be allocated to the liquidity agreement shall be recognised in the maximum amount of purchases authorised.

- Objectives: (1) delivery of shares pursuant to the exercise of the rights attached to securities giving access to the share capital, (2) transfers of shares for payment or exchange purposes, in particular in connection with transactions involving external growth, (3) disposals or transfers of Company shares to eligible employees and/or company officers of VINCI Group companies in the context of savings plans or any share ownership plan governed by French or foreign law, share and/or share purchase option allocation plans, (4) ensuring market liquidity under a liquidity agreement that complies with a code of ethics recognised by the Autorité des Marchés Financiers (AMF, the French financial markets regulator) and entrusted to an investment service provider acting independently, (5) cancellation of shares and (6) implementation of any market practice, any objective or any transaction that would be accepted under laws or regulations in force or by the AMF with respect to share buy-back programmes.

- Duration of the programme: eighteen months from the approval of the Combined Shareholders' General Meeting of 20 April 2017, i.e. until 19 October 2018.

II-Objectives of the 2017-2018 share buy-back programme: use of shares purchased

VINCI wishes to implement a new share buy-back programme with the objectives described below.

1. Fulfilment of obligations to transfer or exchange shares pursuant to the exercise of the rights attached to securities giving access to the Company's share capital.

2. Transfers of shares for payment or exchange purposes, in particular in connection with transactions involving external growth.

3. Disposals or transfers of Company shares to eligible employees and/or company officers of VINCI Group companies in the context of savings plans or any share ownership plan governed by French or foreign law, share and/or share purchase option allocation plans, including disposals to any approved service provider appointed to design, implement and manage any UCITS or similar employee savings structure on behalf of the VINCI Group, and pledges of shares as guarantees under employee savings plans.

4. Market-making through a liquidity agreement that complies with a code of ethics recognised by the AMF and entrusted to an investment service provider acting independently.

5. Cancellation, as part of the Company's financial policy, of the shares thus purchased, subject to the adoption of the twelfth resolution of the 20 April 2017 Shareholders' General Meeting.

6. Implementation of any market practice, any objective or any transaction that would be accepted under laws or regulations in force or by the AMF with respect to share buy-back programmes.

The shares purchased and retained by VINCI shall not carry any voting rights and shall not give right to the payment of dividends.

The Company reserves the right to use derivatives in implementing this new programme.

Furthermore, in compliance with the applicable legal and regulatory provisions, including those relating to stock exchange disclosure requirements, it reserves the right to carry out authorised reallocations of shares purchased in view of one of the programme's objectives to one or more of its other objectives, or to sell them on-market or off-market through an investment service provider acting independently.

III-Legal framework

This programme is within the framework of the provisions of Articles L.225-209 and L.225-210 to L.225-212 of the French Commercial Code and shall be submitted on 20 April 2017 to VINCI's Shareholders' General Meeting, acting in accordance with the quorum and majority requirements for ordinary (eighth resolution) and extraordinary (twelfth resolution) shareholders' meetings:

Eighth resolution

Renewal of the authorisation of the Board of Directors in view of the purchase by the Company of its own shares

The Shareholders' General Meeting, having taken note of (a) the Report of the Board of Directors and (b) the description of the new 2017-2018 share buy-back programme, in accordance with the provisions of Article L.225-209 of the French Commercial Code as well as European regulation 596/2014 of 16 April 2014 on market abuse, authorises the Board of Directors, with the ability to sub-delegate such powers, within the limits provided for by law and regulations, on one or more occasions, on the stock market or otherwise, including by blocks of shares or through the use of options or derivatives, to purchase the Company's shares for the conduct of the following:

1. transfer or exchange of shares upon the exercise of the rights attached to securities giving access to the Company's share capital;

2. retention and future delivery for payment or exchange purposes in connection with transactions involving external growth;

3. disposal or transfer of Company shares to eligible employees and/or company officers of VINCI Group companies in the context of savings plans or any share ownership plan governed by French or foreign law, share and/or share purchase option allocation plans, including disposal to any approved

service provider appointed for the design, implementation and management of any employee savings UCITS or similar structure on behalf of the VINCI Group, and pledge of shares as guarantee under employee savings plans;

4. ensuring market liquidity within the framework of a liquidity agreement that complies with a code of ethics recognised by the Autorité des Marchés Financiers and entrusted to an investment service provider acting independently;

5. cancellation, as part of the Company's financial policy, of the shares thus purchased, subject to the adoption of the twelfth resolution hereunder;

6. implementation of any market practice, any objective or any transaction that may be accepted by laws or regulations or in force or by the Autorité des Marchés Financiers in respect of share buy-back programmes.

The maximum purchase price per share is set at €90. The maximum number of shares purchased by virtue of this authorisation shall not exceed 10% of the share capital. This limit is calculated at the time of the purchases and the maximum amount of shares thus purchased shall not exceed €2 billion.

The share purchase price shall be adjusted by the Board of Directors in the event of transactions involving the Company's capital in compliance with the conditions provided for by the applicable regulations. In particular, in the event of a capital increase through the capitalisation of reserves and the allotment of performance shares, the price specified above shall be adjusted by a multiplier equal to the ratio of the number of shares making up the share capital before the transaction to the number of shares after the transaction.

The acquisition, disposal, transfer, allotment or exchange of these shares may be carried out by any means that are authorised or that may become authorised by regulations in force, either on-market or off-market, including block transactions or through the use of derivatives, in particular through share purchase options in accordance with the regulations in force. There is no restriction on the proportion of the share buy-back programme that may be carried out through block transactions.

These transactions may be carried out at any time in compliance with the current regulations, except during a public offer period.

The Shareholders' General Meeting grants full powers to the Board of Directors, including the ability to delegate such powers, so that, in compliance with the applicable legal and regulatory provisions, including those on stock exchange disclosure requirements, it may proceed with the authorised reallocations of the shares purchased in view of one of the programme's objectives to one or more of its other objectives, or sell them on-market or off-market, it being specified that these reallocations and disposals may concern shares purchased pursuant to previously authorised share buy-back programmes.

The Shareholders' General Meeting grants full powers to the Board of Directors, including the ability to delegate such powers, for the purpose of placing stock market orders, signing any deed of purchase, sale or transfer, entering into any agreement, carrying out any necessary adjustments, making all declarations and completing all formalities.

This authorisation is granted for a period of eighteen months from the date of this Shareholders' General Meeting. It renders ineffective and replaces the authorisation granted by the Shareholders' General Meeting on 19 April 2016 in its sixth resolution.

Twelfth resolution

Renewal of the authorisation granted to the Board of Directors in view of the reduction of the share capital through cancellation of VINCI shares held in treasury

The Shareholders' General Meeting, voting under the quorum and majority conditions required for Extraordinary General Shareholders' Meetings, having considered the Report of the Board of Directors and the Special Report of the Statutory Auditors, in accordance with the provisions of Article L.225-209 of the French Commercial Code, authorises the Board of Directors to cancel, at its sole discretion, on one or more occasions, within the limit of 10% of the number of shares making up the share capital on the date when the Board of Directors takes a decision to cancel and over successive periods of twenty-four months for the determination of this limit, the shares purchased by virtue of the authorisations granted to the Company to purchase its own shares, and to proceed with a reduction in share capital equivalent to that amount.

The Shareholders' General Meeting establishes the validity of this authorisation for a period of twenty-six months from the date of the present meeting and grants full powers to the Board of Directors, including the powers to delegate such powers, to take all decisions necessary for the cancellation of shares and reduction of the share capital, to recognise the difference between the purchase price and the nominal value of the shares in the reserve account of its choice, including the account for "share premiums arising on contributions or mergers", to perform all actions, formalities or declarations to finalise the reductions in capital that may be carried out by virtue of this authorisation, and to amend the Company's Articles of Association accordingly.

This authorisation renders ineffective and replaces the authorisation granted by the Shareholders' General Meeting on 19 April 2016 in its ninth resolution.

IV-Arrangements

1. Maximum proportion of the share capital that may be acquired and maximum amount payable by VINCI

The maximum proportion of the share capital that VINCI may acquire is 10% of the share capital on the date of the Combined Shareholders' General Meeting. However, in the event of a change in the share capital after that date, the authorisation granted by the General Meeting would apply to 10% of the new share capital.

The maximum purchase price per share is set at €90.

The maximum total amount of capital that may be allocated to share purchases by virtue of this programme amounts to €2 billion. This maximum amount shall apply for all transactions carried out from 20 April 2017 over the duration of the programme: purchases of treasury shares, acquisitions of derivatives on treasury shares, treasury share subscriptions through the exercise of derivatives previously put in place, additional amounts that may be allocated to the liquidity agreement.

The Company reserves the right to use the entire programme.

VINCI shall ensure that it does not directly or indirectly exceed the buy-back ceiling of 10% of the share capital authorised by the Shareholders' General Meeting over the programme's eighteen-month term.

It shall furthermore ensure that it does not own at any time, directly or indirectly, more than 10% of its share capital.

Moreover, the share buy-back programme shall not have any significant impact on VINCI's free float, which amounted to 80.9% of the share capital on 31 December 2016 and 80.7% at 28 February 2017.

The amount of the Company's available reserves, which amounted to €24,999 million at 31 December 2016, is, as required by law, higher than the amount of the share buy-back programme.

2. Share buy-back arrangements

Shares may be purchased fully or partly by any means that are authorised or that may become authorised by regulations in force, either on-market or off-market, including block transactions or through the use of derivatives, including through share purchase options in accordance with regulations in force. The Company shall be careful not to increase the volatility of its share price if it uses derivatives.

These transactions may be carried out at any time in compliance with the current regulations, except during a public offer period.

The proposed authorisation submitted to the General Meeting does not restrict the proportion of the programme that may be carried out through the acquisition of blocks of shares.

3. Duration and timeframe of the share purchase and cancellation programme

Share purchases may be carried out over a period of eighteen months following the date of the General Meeting, i.e. from 20 April 2017 until 19 October 2018.

Pursuant to paragraph 4 of Article L.225-209 of the French Commercial Code, the shares purchased can only be cancelled up to a limit of 10% of the share capital over successive rolling periods of twenty-four months.

4. Use of derivatives

VINCI reserves the right to use derivatives for the implementation of this programme in order to cover, under current regulations, option positions that it has taken separately (such as share subscription or purchase options granted or issued debt securities giving access to the share capital). Information on the use of derivatives on treasury shares is systematically provided to the Board of Directors.

Xavier Huillard
Chairman and Chief Executive Officer

"The following press release was published by VINCI on 12 April 2017:

VINCI Highways completes the financial arrangements for the A7 motorway public-private partnership (A-Modell*) in Germany

- A 30-year public-private partnership agreement with the German federal government
- A €441 million investment to operate a 60 km section and widen a 29.2 km section
- A new project bolstering VINCI's position as Germany's leading motorway concession company

VINCI Concessions subsidiary VINCI Highways recently completed the financial arrangements for the A7 motorway public-private partnership (A-Modell*) covering a 60 km section between the Bockenem and Göttingen interchanges in Germany.

Total financing amounts to €441 million, and encompasses two long-term and two short-term tranches. The European Investment Bank, CaixaBank, Development Bank of Japan (DBJ), DZ Bank and KfW IPEX-Bank underwrote the debt, and the arrangement includes a €126 million grant from the federal government.

This financial arrangement follows the decision by the federal government, represented by the Lower Saxony authorities, to award the contract for the A7 project to a consortium led by VINCI Concessions and also comprising Meridiam Infrastructure, in February 2017. The contract will take effect on 1 May 2017.

This 30-year A-Modell contract covers financing, design, programme management (upgrade and widening works), operation and maintenance of the A7. The works involve entirely replacing a 29.2 km section with a new motorway (three lanes each way) while keeping the existing route open to traffic throughout this phase.

A consortium led by Eurovia, the VINCI subsidiary specialised in transport infrastructure construction and urban development projects, and including Stutz and Rhode, two local companies, will take about three and a half years to complete the works.

This new contract is bolstering VINCI Highways' leadership in Germany's motorway public-private partnership market, which it has built on the back of its technical expertise and outstanding cooperation with the federal government and local authorities. The A7 should meet the world's highest quality and safety standards amid sharp traffic growth.

The A7 is VINCI Highways' fourth public-private partnership contract won in Germany, where the company now operates a 220 km network. VINCI Concessions is also a shareholder in Toll Collect, which installed and now operates the satellite-based toll collection system for heavy goods vehicles covering Germany's motorway network.

The VINCI Group is active in Germany in all of its businesses. In this country, it employs more than 1,300 people and generated €2.7 billion in revenue in 2016.

** The A-Modell is a German contractual framework for financing renovation and widening of existing motorways and construction of new sections under concessions to the private sector. The concession company is paid fees based on infrastructure availability. This mechanism thereby provides incentives for concession companies to optimise renovation, widening and maintenance works, i.e. minimise their impact on traffic.*"

"The following press release was published by VINCI on 13 April 2017:

Eurovia awarded motorway contract in Slovakia

- A €356 million contract for a new section of the D1
- An 8 km motorway section, a 2.2 km tunnel, 18 bridges and 6 km of noise barriers

The consortium led by Eurovia – the VINCI subsidiary specialised in transport infrastructure construction and urban development projects – and including Doprastav and Metrostav Slovakia has been awarded the contract to build a new 8 km section of the D1 motorway near Prešov, in eastern Slovakia. When it is completed, this motorway will connect Austria to the west and Ukraine to the east.

This €356 million contract covers construction of a 2.2 km tunnel, 18 bridges and over 6 km of noise barriers. Eurovia will be leading the construction work, which will begin in the summer of 2017 and is scheduled to be completed in 2021. As many as 500 people will work on the project at its peak.

The remarkable environmental protection measures include sprinkling systems for dust control, road cleaning systems and planting of 58,000 bushes and 500 trees.

Eurovia built the PR1BINA expressway, which was inaugurated in 2011, west of Bratislava, has also built several sections of the D1 and D3 since 2012, and remains actively involved in efforts to upgrade Slovakia's motorway network.

Slovakia is planning an investment plan between now and 2020, backed by the European Union's Cohesion Fund, to complete construction of its national motorway network. These new investments will provide faster and safer road connections across Central Europe, foster tourism and streamline access to the large industrial and administrative centres."

ANNUAL SHAREHOLDERS' MEETING OF 20 APRIL 2017

- **All resolutions approved**
- **Dividend: payment in cash of final dividend of €1.47 per share on 27 April 2017**

VINCI's Combined Shareholders' General Meeting chaired by Xavier Huillard, the Group's Chairman and Chief Executive Officer, was held on 20 April 2017 at the Carrousel du Louvre in Paris. The quorum was 59.874 % and the shareholders' meeting approved all the resolutions submitted.

The shareholders' meeting approved the parent company and consolidated accounts for the financial year ended 31 December 2016 and decided to pay a dividend of €2.10 per share in respect of that year. Since an interim dividend of €0.63 was paid in November 2016, the final dividend is €1.47. The share will be quoted ex-dividend on 25 April 2017 and the final dividend will be paid in cash on 27 April 2017.

The shareholders' meeting also approved the renewal of Mrs Yannick Assouad, Mrs Graziella Gavezotti and Mr. Michael Pragnell's terms of office as a director for four years.

Forthcoming dates

- **27 April 2017:** Quarterly information at 31 March 2017
- **28 July 2017:** First half 2017 results

The results of the votes and a video of the Shareholders' General Meeting are available on the Group's website at www.vinci.com.

Notes for editors

Mrs Yannick Assouad is a graduate of the Institut National des Sciences Appliquées and the Illinois Institute of Technology. While working as an instructor at CIEFOP Paris, she joined Thomson CSF in 1986, where she was head of the thermal and mechanical analysis group until 1998. From 1998 to 2003, Mrs Assouad served first as Technical Director and then as Chief Executive Officer of Honeywell Aerospace, before being appointed Chairman of Honeywell SECAN. In 2003, she joined Zodiac Aerospace, initially as Chief Executive Officer of Intertechnique Services, a post she held until 2008. Appointed to Zodiac Aerospace's Executive Committee that same year, Mrs Assouad was selected to create the group's Services business segment, which she headed until 2010, when she was appointed Chief Executive Officer of its Aircraft Systems segment. In May 2015, she became the first Chief Executive Officer of Zodiac Cabin, a newly created segment of Zodiac Aerospace. Since 10 November 2016, she has been Chief Executive Officer of Latécoère.

Mrs Graziella Gavezotti is a graduate of the Università di Comunicazione e Lingue (IULM) and the University of Rijeka. Prior to joining Edenred Italia, she worked for Jacques Borel International, Gemeaz, Accor Services Italia and Edenred Italia. Until May 2012, she was Chairman and Chief Executive Officer of Edenred Italia. Since July 2012 she has been Chief Operating Officer of Edenred for Southern Europe (Italy, Spain, Portugal, Turkey and Greece) while continuing to serve as Chairman of the Board of Directors of Edenred Italia. She is also a member of Edenred SA's Executive Committee.

M. Michael Pragnell is a graduate of Oxford and Insead. Following a period in the international department of the First National Bank of Chicago in New York, Mr Pragnell held a series of positions in the Courtaulds group from 1975 until 1995: Chief Executive Officer of National Plastics (1985–1986), Chief Executive Officer of International Paint plc (1986–1992) and Chief Financial Officer (1992–1994) of Courtaulds plc, where he was appointed to the Board of Directors in 1990. From 1995 to 2000, he was Chief Executive Officer of Zeneca Agrochemicals and a member of the Executive Committee of Zeneca plc (now known as AstraZeneca plc), and was appointed to its Board of Directors in 1997. From 2000 to 2007, Mr Pragnell was the founding Chief Executive Officer and Chairman of the Executive Committee of Syngenta AG, where he was also a member of the Board of Directors from its creation. Other positions held include being a member of the Board of Directors of David S. Smith (now DS Smith) plc from 1996 to 1999 and of Advanta BV (Netherlands). He was Chairman of CropLife International from 2002 to 2005 and served as Chairman of the Council of Trustees of Cancer Research UK from 2010 to 2016. Mr Pragnell was awarded a CBE in the UK's 2017 New Year Honours for "services to cancer research"."

Autorité des marchés financiers

In accordance with Articles L.412-1 and L.621-8 of the French *Code monétaire et financier* and with the General Regulations (*Réglement général*) of the *Autorité des marchés financiers* (AMF), in particular Articles 212-31 to 212-33, the AMF has granted to this Eighth Supplement the visa No. 17-193 on 11 May 2017. This Eighth Supplement was prepared by the Issuer and its signatories assume responsibility for it. In accordance with Article L.621-8-1-I of the French *Code monétaire et financier*, the visa was granted following an examination by the AMF of "whether the document is complete and comprehensible, and whether the information it contains is coherent". It does not imply not imply the approval by the AMF of the opportunity of the transactions contemplated hereby nor that the AMF has verified the accounting and financial data set out in it. In accordance with Article 212-32 of the AMF's General Regulations, any issuance or admission to trading of notes on the basis of the Base Prospectus, as supplemented by this Eighth Supplement, shall be subject to the publication of Final Terms setting out the terms of the securities being issued.
