

VINCI

SELECTED TO EXECUTE DEVELOPMENT WORKS ON TRAM LINE 9 IN THE PARIS AREA

Contract
won by
Eurovia,
a VINCI subsidiary

Contract value:
€117m

80%
of the works
completed in less
than 18 months

Facade-to-facade urban development over 11.5 km

(footpath widening, making
pedestrian crossing points safer,
continuous cycle path, etc.)

Objective

**To increase
tram capacity
to 80,000
passengers
a day by 2020**
in order to:

**alleviate traffic
on the busiest
bus line**

in the Paris area

**develop
multimodal
mobility**
