

20 JUNE 2001

PRESS RELEASE

**VINCI launches VINCI Park :
a global leader in
car parks and associated services is born**

Antoine Zacharias, Chairman and CEO of VINCI, and Denis Grand, Chairman of VINCI Park, announced on Wednesday 20 June the launch of VINCI Park, as the umbrella brand for all VINCI car park operations and associated services. With 900 car parks in 12 countries and sales of 500 million Euros, VINCI Park is the largest European car park operator and the global leader in its field for facilities under concession.

VINCI Park has been formed out of the combination of two major historic brands car park management, Sogeparc and Parcs GTM, made possible by the merger between VINCI and Groupe GTM. VINCI Park has facilities in the historical and cultural centres of all major French cities, and in many other countries in Europe and America, as well as Hong Kong. The launch of VINCI Park is a sign of VINCI's determination to offer services of the highest standards to the broadest possible public; more than 140 million customers use the French parks alone every year.

Culturally and historically, growing concession and service activities is and has been at the core of VINCI's pattern of development, and the creation of VINCI Park has added a flagship brand seeking to deliver optimum quality, cleanliness and safety. *"There cannot be a subsidiary that is not now aware of the importance of services that generate value and enhance customer loyalty"*, stated Antoine Zacharias. From its inception, VINCI Park has adopted a charter comprising commitments to such standards as efficient, amiable staff, clear signage in car parks, and the guarantee of certain services, including bicycle hire, accompanying customers to their vehicles, and a 24 hour free-phone number for any suggestions or criticism.
