## **VINCI wins contract to operate 3 car parks in Prague**

Sogeparc, a subsidiary of Vinci (formerly SGE) and European leader in car park management, has just been awarded a 10-year operating contract for 3 car parks located near the Wilsonova railway station in Prague, Czech Republic.

The contract involves managing, as of 1 September, 193 outside spaces and 320 others in covered parks, making a grand total of 513 spaces.

This latest success is a further sign of Sogeparc's determination to continue its international development, in Europe in particular, and comes just a few weeks after the acquisition of a new company on the Iberian peninsula, where Sogeparc now operates 26,000 parking spaces.

With a presence in 9 European countries, Sogeparc generated sales in 1999 of 106.5 million euros (up 9.2% over 1998) and operating income of 25.3 million euros (up 10.7%). Sogeparc operates some 400,000 spaces in Europe.
