

VINCI CONSTRUCTION LAUNCHES CONCREATIVE, ITS NEW SUBSIDIARY FOCUSED ON 3D PRINTING OF HIGH-PERFORMANCE CONCRETE

**A fully
integrated
service,**
from design to
on-site installation

A technology patented
by the **XtreeE** startup

**Construction close
to where it is needed**
and in areas that are difficult to access

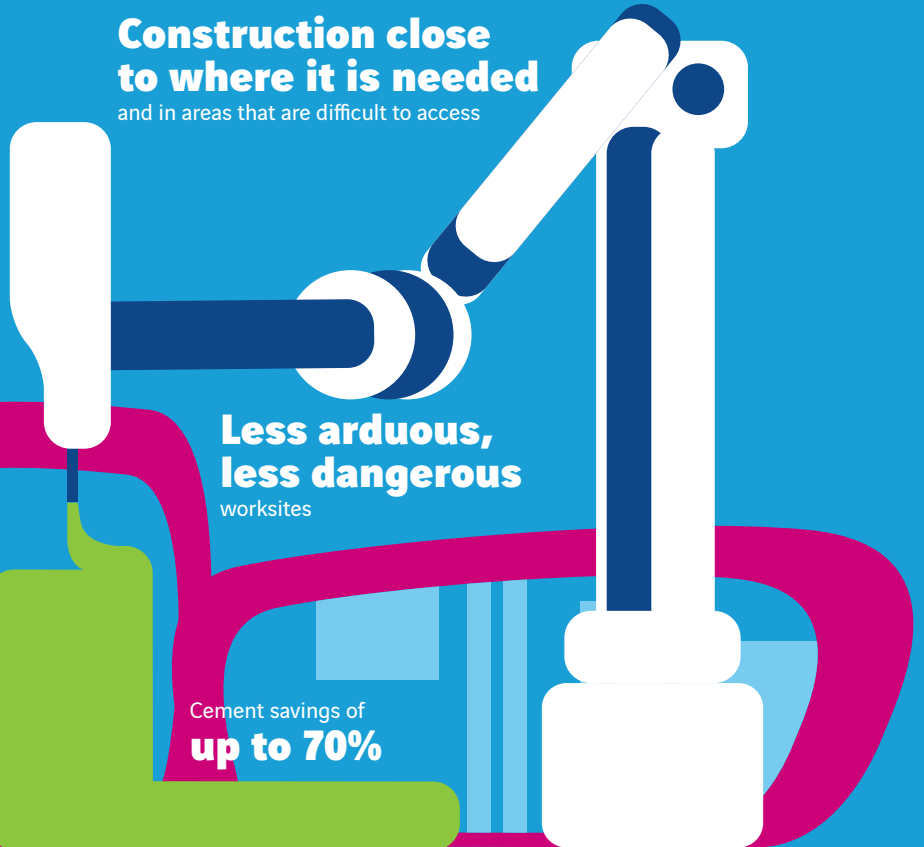

**Personalised,
customised
solutions**

with control of cost and time

**Less arduous,
less dangerous**
worksites

Cement savings of
up to 70%

First
**3D concrete
printing factory**
in Dubai

The Emirate of Dubai's goal:
**basement a quarter of its new
buildings on 3D printing technology**
by 2030
