

(incorporated as a *société anonyme* in France)

Euro 6,000,000,000

Euro Medium Term Note Programme **Due from one year from the date of original issue**

Under the Euro Medium Term Note Programme (the "**Programme**") described in this base prospectus (the "**Base Prospectus**"), VINCI (the "**Issuer**", "**VINCI**" or the "**Company**"), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Euro Medium Term Notes (the "**Notes**"). The aggregate nominal amount of Notes outstanding will not at any time exceed Euro 6,000,000,000 (or the equivalent in other currencies).

This Base Prospectus constitutes a base prospectus as defined in Article 5.4 of Directive 2003/71/EC of 4 November 2003 on the prospectus to be published when securities are offered to the public or admitted to trading as amended (the "**Prospectus Directive**").

Application has been made to the *Autorité des marchés financiers* (the "**AMF**") in France for approval of this Base Prospectus in its capacity as competent authority pursuant to Article 212-2 of its *Règlement général* which implements the Prospectus Directive. Application may be made to Euronext Paris during the period of 12 months from the date of the visa granted by the AMF on this Base Prospectus for Notes issued under the Programme to be listed and admitted to trading on Euronext Paris. Euronext Paris is a regulated market for the purposes of Directive 2004/39/EC as amended (a "**Regulated Market**"). However, Notes issued pursuant to the Programme may also be unlisted or listed and admitted to trading on any other market including any Regulated Market in any Member State of the European Economic Area (the "**EEA**"). The relevant final terms (the "**Final Terms**") (a form of which is contained herein) in respect of the issue of any Notes will specify whether or not such Notes will be admitted to trading, and, if so, the relevant Regulated Market.

Notes will be in such denomination(s) as may be specified in the relevant Final Terms, save that the minimum denomination of each Note listed and admitted to trading on a Regulated Market in circumstances which require the publication of a prospectus under the Prospectus Directive will be €100,000, and if the Notes are denominated in a currency other than euro, the equivalent amount in such currency at the issue date, or such higher amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant specified currency. Notes may be issued either in dematerialised form ("**Dematerialised Notes**") or in materialised form ("**Materialised Notes**") as more fully described herein.

Dematerialised Notes will at all times be in book entry form in compliance with Articles L. 211-3 and R. 211-1 *et seq.* of the French *Code monétaire et financier*. No physical documents of title will be issued in respect of the Dematerialised Notes.

Dematerialised Notes may, at the option of the Issuer, be in bearer dematerialised form (*au porteur*) inscribed as from the issue date in the books of Euroclear France ("**Euroclear France**") (acting as central depository) which shall credit the accounts of Account Holders (as defined in "Terms and Conditions of the Notes – Form, Denomination, Title and Redenomination") including Euroclear Bank S.A./N.V. ("**Euroclear**") and the depositary bank for Clearstream Banking, société anonyme ("**Clearstream, Luxembourg**") or in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder (as defined in Condition 1(c)(iii)), in either fully registered form (*au nominatif pur*), in which case they will be inscribed either with the Issuer or with the registration agent (designated in the relevant Final Terms) for the Issuer, or in administered registered form (*au nominatif administré*) in which case they will be inscribed in the accounts of the Account Holders designated by the relevant Noteholders.

Materialised Notes will be in bearer materialised form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a "**Temporary Global Certificate**") will initially be issued in connection with Materialised Notes. Such Temporary Global Certificate will be exchanged for Definitive Materialised Notes in bearer form with, where applicable, coupons for interest attached, on or after a date expected to be on or about the 40th day after the issue date of the Notes (subject to postponement as described in "Temporary Global Certificates issued in respect of Materialised Bearer Notes") upon certification as to non U.S. beneficial ownership as more fully described herein.

Temporary Global Certificates will (a) in the case of a Tranche (as defined in "General Description of the Programme") intended to be cleared through Euroclear and/or Clearstream, Luxembourg, be deposited on the issue date with a common depositary on behalf of Euroclear and/or Clearstream, Luxembourg and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream, Luxembourg or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer (as defined below).

The Programme has been rated A- by Standard & Poor's Credit Market Services Europe Limited ("**S&P**") and A3 (senior unsecured debt) by Moody's Investors Service Ltd ("**Moody's**"). Notes issued under the Programme may be rated or unrated. Notes, whether Unsubordinated or Subordinated (all as defined in "General Description of the Programme"), will have such rating, if any, as is assigned to them by the relevant rating organisation as specified in the relevant Final Terms. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating assigned under the Programme. As at the date of this Base Prospectus, S&P and Moody's are established in the European Union and registered under Regulation (EU) No. 1060/2009 of the European Parliament and of the Council dated 16 September 2009, as amended (the "**CRA Regulation**"), and included in the list of registered credit rating agencies published by the European Securities and Markets Authority on its website (www.esma.europa.eu/page/List-registered-and-certified-CRAs) in accordance with the CRA Regulation. The relevant Final Terms will specify whether or not such credit ratings are issued by a credit rating agency established in the European Union and registered under the CRA Regulation. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

See "**Risk Factors**" below for certain information relevant to an investment in the Notes to be issued under the Programme.

The terms and conditions applicable to each Tranche (as defined in "General Description of the Programme") not contained herein (including, without limitation, the aggregate nominal amount, issue price, redemption price thereof, and interest, if any, payable thereunder) will be determined by the Issuer and the relevant Dealer(s) at the time of the issue on the basis of the then prevailing market conditions and will be set out in the relevant Final Terms.

RISK FACTORS RELATING TO THE ISSUER AND ITS OPERATIONS

The risks that may affect the Issuer's ability to fulfill its obligations issued under the Programme are set out in particular on pages 126 to 132, 260 to 263 and 266 to 279 of the 2016 Annual Report incorporated by reference into this Base Prospectus, as set out in the section headed "Documents Incorporated by Reference" on pages 13 to 16 of this Base Prospectus, and include the following:

- operational risks, including (i) commitments and (ii) contract execution;
- financial risks, including (i) counterparty risk and credit risk, (ii) liquidity risk, (iii) market risks and (iv) impact of public-private partnerships (PPPs) and concession contracts on the Group's financial situation;
- legal risks, including (i) legal and regulatory compliance and (ii) contractual relationships;
- environmental and technological risks, including (i) environmentally related economic and regulatory context, (ii) environmental risks, (iii) technological risks and (iv) cyber risks.

RISK FACTORS RELATING TO THE NOTES

The following paragraphs describe some risk factors that are material to the Notes to be admitted to trading in order to assess the market risk associated with these Notes.

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. They do not describe all the risks of an investment in the Notes. Prospective investors should consult their own financial and legal advisers about risks associated with investment in a particular Series of Notes and the suitability of investing in the Notes in light of their particular circumstances.

Terms used but not defined in this section will have the meaning given to them in the section entitled "Terms and Conditions of the Notes".

1. General Risks Relating to the Notes

1.1 Independent Review and Advice

Each prospective investor of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

A prospective investor may not rely on the Issuer or the Dealer(s) or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

1.2 Potential Conflicts of Interest

Each of the Issuer, the Dealer(s) or their respective affiliates may deal with and engage generally in any kind of commercial or investment banking or other business with any issuer of the securities taken up in an index, their respective affiliates or any guarantor or any other person or entities having obligations relating to any issuer of the securities taken up in an index or their respective affiliates or any guarantor in the same manner as if any index-linked Notes issued under the Programme did not exist, regardless of whether any such action might have an adverse effect on an issuer of the securities taken up in the index, any of their respective affiliates or any guarantor.

The Issuer may from time to time be engaged in transactions involving an index or related derivatives which may affect the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

The Issuer may appoint a Dealer as Calculation Agent in respect of an issuance of Notes under the Programme. In such a case the Calculation Agent is likely to be a member of an international financial group that is involved, in the ordinary course of its business, in a wide range of banking activities out of which conflicting interests may arise. Whilst such a Calculation Agent will, where relevant, have information barriers and procedures in place to manage conflicts of interest, it may in its other banking activities from time to time be engaged in transactions involving an index or related derivatives which may affect amounts receivable by Noteholders during the term and on the maturity of the Notes or the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

1.3 Dealers transacting with the Issuer

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for the Issuer and its affiliates in the ordinary course of business. Certain of the Dealers and their affiliates may have positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuer and its affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or the Issuer's affiliates. Certain of the Dealers or their affiliates that have a lending relationship with

the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

1.4 Legality of Purchase

Neither the Issuer, the Dealer(s) nor any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

1.5 Modification, waivers and substitution

The conditions of the Notes contain provisions for calling General Meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant General Meeting and Noteholders who voted in a manner contrary to the majority. General Meetings of Noteholders may deliberate on proposals relating to the modifications of the conditions of the Notes subject to the limitation provided by French law.

1.6 A Noteholder's actual yield on the Notes may be reduced from the stated yield by transaction costs

When Notes are purchased or sold, several types of incidental costs (including transaction fees and commissions) are incurred in addition to the current price of the security. These incidental costs may significantly reduce or even exclude the profit potential of the Notes. For instance, credit institutions as a rule charge their clients for own commissions which are either fixed minimum commissions or pro-rata commissions depending on the order value. To the extent that additional – domestic or foreign – parties are involved in the execution of an order, including but not limited to domestic dealers or brokers in foreign markets, Noteholders must take into account that they may also be charged for the brokerage fees, commissions and other fees and expenses of such parties (third party costs).

In addition to such costs directly related to the purchase of securities (direct costs), Noteholders must also take into account any follow-up costs (such as custody fees). Investors should inform themselves about any additional costs incurred in connection with the purchase, custody or sale of the Notes before investing in the Notes.

1.7 Taxation

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for the Notes. Potential investors are advised not to rely upon the tax summary contained in this Base Prospectus but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, sale and redemption of the Notes. Only these advisers are in a position to duly consider the specific situation of the potential investor. This risk factor has to be read in connection with the taxation sections of this Base Prospectus and in the additional tax sections, if any, contained in any relevant supplement to the Base Prospectus.

1.8 The proposed financial transactions tax

The European Commission has published on 14 February 2013 a proposal for a Directive for a financial transactions tax ("FTT") to be implemented under the enhanced cooperation procedure by eleven Member States initially (Austria, Belgium, Estonia, France, Germany, Greece, Italy, Portugal, Slovenia, Slovakia and Spain) (the "**Participating Member States**").

Member States may join or leave the group of participating Member States at later stages. In March 2016, Estonia officially indicated that it will no longer be a Participating Member State.

The proposed FTT has a very broad scope, and could, if introduced in its current draft form, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution established in a Participating Member State, and at least one party is established in a Participating Member State. A financial institution may be, or be deemed to be, "established" in a Participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a Participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a Participating Member State. Under the current proposal, the FTT could apply in certain circumstances to persons both within and outside of the Participating Member States. If the proposed Directive is adopted and implemented in local legislation, Noteholders may be exposed to increased transaction costs with respect to financial transactions carried out with respect to the Notes.

However, the FTT proposal remains subject to discussions between the Participating Member States and the scope of any such tax is uncertain.

Prospective holders of the Notes should consult their own professional tax advisors in relation to the consequences of the FTT associated with subscribing for, purchasing, holding and disposing of the Notes.

1.9 Change of Law

The Terms and Conditions of the Notes are based on French law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change in French law or the official application or interpretation of French law after the date of this Base Prospectus.

1.10 Credit Risk

An investment in the Notes involves taking credit risk on the Issuer. If the credit worthiness of the Issuer deteriorates, it may not be able to fulfil all or part of its payment obligations under the Notes, and investors may lose all or part of their investment.

1.11 No active Secondary/Trading Market for the Notes

Notes issued under the Programme will be new securities which may not be widely distributed and for which there may be no active trading market (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Although in relation to Notes to be admitted to trading on Euronext Paris and/or any other Regulated Market in the European Economic Area, the Final Terms of the Notes will be filed with the *Autorité des marchés financiers* in France and/or with the competent authority of the Regulated Market of the European Economic Area where the Notes will be admitted to trading, which, in the case of Notes to be admitted to trading on Euronext Paris shall be the *Autorité des marchés financiers*, there is no assurance that such filings will be accepted, that any particular Tranche of Notes will be so admitted or that an active trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for any particular Tranche of Notes.

1.12 Currency Risk

Prospective investors of the Notes should be aware that an investment in the Notes may involve exchange rate risks. The reference assets or the Notes may be denominated in a currency other than the currency of the purchaser's home jurisdiction; and/or the reference assets or the Notes may be denominated in a currency other than the currency in which a purchaser wishes to receive funds. Exchange rates between currencies are determined by factors of supply and demand in the international currency markets which are influenced by macro-economic factors, speculation and central bank and government intervention (including the imposition of currency controls and restrictions). Fluctuations in exchange rates may affect the value of the Notes or the reference assets.

1.13 Any decline in the credit ratings of the Issuer or changes in rating methodologies may affect the market value of the Notes

One or more independent credit rating agencies may assign credit ratings to the Notes. The credit ratings of the Issuer are an assessment of its ability to pay its obligations, including those on Notes. Consequently, actual or anticipated declines in the credit ratings of the Issuer may affect the market value of the Notes.

The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time. In addition, the credit rating agencies may change their methodologies for rating securities with features similar to the Notes in the future. This may include the relationship between ratings assigned to an issuer's senior securities and ratings assigned to securities with features similar to the Notes, sometimes called "notching". If the rating agencies were to change their practices for rating such securities in the future and/or the ratings of the Notes were to be subsequently lowered, revised, suspended or withdrawn, this may have a negative impact on the trading price of the Notes.

1.14 Market Value of the Notes

The market value of the Notes will be affected by the creditworthiness of the Issuer and a number of additional factors, including the value of the reference assets or an index, including, but not limited to, the volatility of the reference assets or an index, or the dividend on the securities taken up in the index, market interest and yield rates and the time remaining to the maturity date.

The value of the Notes, the reference assets or the index depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Notes, the reference assets, the securities taken up in the index, or the index are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser. The historical market prices of the reference assets or an index should not be taken as an indication of the reference assets' or an index's future performance during the term of any Note.

1.15 French Insolvency Law

Under French insolvency law, holders of debt securities are automatically grouped into a single assembly of holders (the "**Assembly**") in case of the opening in France of a safeguard procedure (*procédure de sauvegarde*), an accelerated safeguard procedure (*procédure de sauvegarde accélérée*), an accelerated financial safeguard procedure (*procédure de sauvegarde financière accélérée*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) of the Issuer, in order to defend their common interests.

The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes), whether or not under a debt issuance programme (such as the Programme) and regardless of their governing law.

The Assembly deliberates on the proposed safeguard plan (*projet de plan de sauvegarde*), accelerated safeguard plan (*projet de plan de sauvegarde accélérée*), accelerated financial safeguard plan (*projet de plan de sauvegarde financière accélérée*) or judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (*charges*) of holders of debt securities (including the Noteholders) by rescheduling payments which are due and/or partially or totally writing-off debts;
- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into securities that give or may give right to share capital.

Decisions of the Assembly will be taken by a two-third (2/3) majority (calculated as a proportion of the amount of debt securities held by the holders which have cast a vote at such Assembly). No quorum is required on convocation of the Assembly.

For the avoidance of doubt, the provisions relating to the representation of the Noteholders described in the Terms and Conditions of the Notes set out in this Base Prospectus or, where applicable, in the French *Code de commerce*, will not be applicable with respect to the Assembly to the extent they are not in compliance with compulsory insolvency law provisions that apply in these circumstances.

2. Risks related to the structure of a particular issue of Notes

The Programme allows for different types of Notes to be issued. Accordingly, each Tranche of Notes may carry varying risks for potential investors depending on the specific features of such Notes such as, *inter alia*, the provisions for computation of periodic interest payments, if any, redemption and issue price. Set out below is a description of the most common of such features:

2.1 An early redemption at the option of the Issuer, if provided for in any Final Terms for a particular issue of Notes, could cause the yield anticipated by Noteholders to be considerably less than anticipated

In the event that the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by the country of domicile (or residence for tax purposes) by the Issuer, or on behalf of France, or any political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may, and in some circumstances must, redeem all outstanding Notes in accordance with the Terms and Conditions.

In addition, if in the case of any particular Tranche of Notes the relevant Final Terms specify that the Notes are redeemable at the Issuer's option in certain other circumstances the Issuer may choose to redeem the Notes at times when prevailing interest rates may be relatively low. During a period when the Issuer may elect, or has elected, to redeem Notes, such Notes may feature a market value not substantially above the price at which they can be redeemed. In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes. Prospective investors should consider reinvestment risk in light of other investments available at that time.

The existence of these early redemption options in a particular Series of Notes could limit the market value of such Notes.

In particular, with respect to the Squeeze Out Option (Condition 6(l)), there is no obligation on the Issuer to inform investors if and when, for any Series of Notes, the percentage of 80 per cent of Notes redeemed or repurchased, has been reached or is about to be reached, and the Issuer's right to redeem will exist notwithstanding that immediately prior to the serving of a notice in respect of the exercise of the Squeeze Out Option by the Issuer the Notes may have been trading significantly above par, thus potentially resulting in a loss of capital invested.

2.2 A partial redemption at the option of the Issuer or redemption at the option of the Noteholders may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised

The Make-Whole Redemption by the Issuer provided in Condition 6(d)(ii) or the Redemption at the Option of the Issuer provided in Condition 6(d)(i) are exercisable in whole or in part and exercise of such options by the Issuer in respect of certain Notes may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised.

If the Issuer decides to redeem the Notes in part, such partial redemption shall be effected either (i) by reducing the nominal amount of all such Notes in proportion to the aggregate nominal amount redeemed or (ii) by redeeming in full some only of such Dematerialised Notes and, in such latter case, the choice between those Dematerialised Notes that will be fully redeemed and those Dematerialised Notes of any Series that will not be redeemed shall be made in accordance with Article R. 213-16 of the French *Code monétaire et financier* and the provisions of the relevant Final Terms, subject to compliance with any other applicable laws and Regulated Market requirements.

Depending on the number of Notes of the same Series in respect of which a partial redemption of the Notes at the option of the Noteholders is made, any trading market in respect of those Notes in respect of which such option is not exercised may become illiquid.

2.3 The value of Fixed Rate Notes may change

Investment in Notes which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the value of the relevant Tranche of Notes.

2.4 Investors will not be able to calculate in advance their rate of return on Floating Rate Notes

A key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the terms and conditions of the notes provide for frequent interest payment dates, investors are exposed to reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing. In addition, the Issuer's ability to also issue Fixed Rate Notes may affect the market value and the secondary market (if any) of the Floating Rate Notes (and vice versa).

Investment in Notes which bear interest at a floating rate comprise (i) a reference rate and (ii) a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three months or six months) which itself will change in accordance with general market conditions. Accordingly, the market value of floating rate Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate.

2.5 The market value of Inverse Floating Rate Notes may be more volatile than that of Floating Rate Notes based on the same reference rate

Inverse floating rate Notes have an interest rate equal to a fixed base rate minus a rate based upon a reference rate. The market value of such Notes typically is more volatile than the market value of floating rate Notes based on the same reference rate (and with otherwise comparable terms). Inverse floating rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

2.6 Risks related to the conversion on Fixed/ Floating Rate Notes

Fixed/floating rate Notes initially bear interest at a rate from a fixed rate to a floating rate, or from a floating rate to a fixed rate, either that will convert automatically, or at the option of the Issuer if certain predetermined conditions are met. The conversion (whether it be automatic or optional) of the interest rate will affect the secondary market and the market value of the Notes since the conversion may lead to a lower overall cost of borrowing. If a fixed rate is converted to a floating rate, the spread on the fixed to floating rate Notes may be less favourable than the prevailing spreads on comparable floating rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If a floating rate is converted to a fixed rate, the fixed rate may be lower than the prevailing rates on other Notes.

2.7 The market value of Notes issued at a substantial discount or premium may fluctuate more than on conventional interest-bearing securities

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

2.8 Inflation Linked Notes

Inflation Linked Notes are debt securities which do not provide for predetermined redemption amounts and/or interest payments but amounts due in respect of principal and/or interest will be dependent upon the performance of an inflation index, which will be either (i) the consumer price index (excluding tobacco) for all households in metropolitan France (the "**CPI**") as calculated and published monthly by the *Institut National de la Statistique et des Etudes Economiques* ("**INSEE**"), or (ii) the harmonized index of consumer prices (excluding tobacco), or the relevant successor index, measuring the rate of inflation in the European Monetary Union (excluding tobacco) as calculated and published monthly by Eurostat (the "**HICP**") (each an "**Inflation Index**" and together, the "**Inflation Indices**"). If the value of the relevant index calculated at any time prior to the maturity date is lower than the value of the relevant index at the time of the issue of the Notes or at the time of purchase by the Noteholders, then the amount of interest payable by the Issuer and/or the principal of Inflation Linked Notes may vary. Potential investors in Inflation Linked Notes should be aware that (i) they may receive no interest or only receive a limited amount of interest and (ii) they may lose

all or a substantial portion of their investment. However, if the nominal amount to be repaid at maturity is below par, the Inflation Linked Notes will be redeemed at par.

Neither the current nor the historical levels of any of the Inflation Indices should be taken as an indication of future performance of such index during the term of any Inflation Linked Notes.

Inflation Linked Notes are not in any way sponsored, endorsed, sold or promoted by the INSEE or Eurostat, as the case may be, and the INSEE and Eurostat make no warranty or representation whatsoever, express or implied, either as to the results to be obtained from the use of the Inflation Indices and/or the figure at which such indices stand at any particular time. The Inflation Indices are determined, composed and calculated by the INSEE and Eurostat, as the case may be, without regard to the Issuer or the Notes. Neither the INSEE nor Eurostat, as the case may be, is responsible for or has participated in the determination of the timing of, prices of, or quantities of the Inflation Linked Notes to be issued or in determination or calculation of the interest payable under such Notes. Neither the INSEE, nor Eurostat has any obligation or liability in connection with the administration, marketing or trading of the Notes. The INSEE or Eurostat, as the case may be, has no responsibility for any calculation agency adjustment made for the indices.

2.9 Dual Currency Notes

The Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated.

An investment in Dual Currency Notes entails significant risks that are not associated with similar investments in a conventional fixed or floating rate debt security. The Issuer believes that Dual Currency Notes should only be purchased by investors who are, or who are purchasing under the guidance of, financial institutions or other professional investors that are in a position to understand the special risks that an investment in these instruments involves. These risks include, among other things, that:

- the market price of such Notes may be volatile;
- payment of principal or interest may occur in a different currency than expected; and
- the investors may be exposed to movements in currency exchange rates.

2.10 Zero Coupon Notes

Changes in market interest rates have a substantially stronger impact on the prices of Zero Coupon Notes than on the prices of ordinary Notes because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon Notes can suffer higher price losses than other Notes having the same maturity and credit rating. Due to their leverage effect, Zero Coupon Notes are a type of investment associated with a particularly high price risk.

The prices at which Zero Coupon Notes trade in the secondary market tend to fluctuate more in relation to general changes in interest rates than to prices for conventional interest bearing securities of comparable maturities.

2.11 Variable rate Notes with a multiplier imply a higher volatility

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers, or caps and floors, or any combination of those features, their market values may be even more volatile than those for securities that do not include those features.

2.12 Holders of Subordinated Notes face a significantly increased risk that the Notes will not perform as anticipated

The events of default applicable to Subordinated Notes are limited. In the event of any insolvency or liquidation of the Issuer, holders of Subordinated Notes would receive payments on any outstanding Subordinated Notes only after senior Noteholders and other senior creditors have been repaid in full, if and to the extent that there is still cash available for those payments. Thus, holders of Subordinated Notes generally face a higher performance risk than holders of senior Notes.

In particular, with respect to Undated Subordinated Notes, the payment of interest relating to such Notes may be deferred in accordance with the provisions of Condition 5(h).

This Base Prospectus will be published on the website of the AMF (www.amf-france.org). The Final Terms related to Notes admitted to trading on any Regulated Market will be published on the website of the AMF. In addition, if the Notes are admitted to trading on a Regulated Market other than Euronext Paris, the relevant Final Terms will provide whether additional methods of publication are required and describe any such methods.

Selling Restrictions:

There are restrictions on the sale of Notes and the distribution of offering material in various jurisdictions. See "*Subscription and Sale*". In connection with the offering and sale of a particular Tranche, additional selling restrictions may be imposed which will be set out in the relevant supplement to the Base Prospectus.

The Notes constitute Category 2 securities for the purposes of Regulation S under the Securities Act.

Materialised Notes will be issued in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(D) and any successor regulation issued under the U.S. Internal Revenue Code of 1986 as amended (the "**Code**") section 4701(b) containing rules similar to those that currently apply under section 163(f)(2)(B) of the Code (the "**D Rules**") unless (i) the relevant Final Terms states that such Materialised Notes are issued in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(C) of the Code and any successor regulation issued under section 4701(b) of the Code containing rules similar to those that currently apply under section 163(f)(2)(B) of the Code (the "**C Rules**") or (ii) such Materialised Notes are issued other than in compliance with the D Rules or the C Rules but in circumstances in which the Notes will not constitute registration required obligations under the United States Tax Equity and Fiscal Responsibility Act of 1982 ("**TEFRA**"), which circumstances will be referred to in the relevant Final Terms as a transaction to which TEFRA is not applicable.

The TEFRA rules do not apply to any Dematerialised Notes.

Rating:

The Programme has been rated A- by S&P and A3 (senior unsecured debt) by Moody's. Notes issued under the Programme may be rated or unrated. Notes, whether Unsubordinated or Subordinated, will have such rating, if any, as is assigned to them by the relevant rating organisation as specified in the relevant Final Terms. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating assigned under the Programme. The credit ratings included or referred to in this Base Prospectus will be treated for the purposes of the Regulation (EC) No. 1060/2009 on credit ratings agencies, as amended by Regulation (EU) No. 513/2011 (the "**CRA Regulation**") as having been issued by S&P and Moody's, each of which is established in the European Union, is registered under the CRA Regulation and is included in the list of registered credit rating agencies published on the website of the European Securities and Markets Authority (www.esma.europa.eu/page/List-registered-and-certified-CRAs). The relevant Final Terms will specify whether or not such credit ratings are issued by a credit rating agency established in the European Union and registered under the CRA Regulation.

A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions (the "**Conditions**") that, subject to completion in accordance with the provisions of the relevant Final Terms, shall be applicable to the Notes. In the case of any Tranche of Notes which is being admitted to a regulated market in a Member State, the relevant Final Terms shall not amend or replace any information in this Base Prospectus. In the case of Dematerialised Notes, the text of the Conditions will not be endorsed on physical documents of title but will be constituted by the following text as completed by the relevant Final Terms. In the case of Materialised Notes, either (i) the full text of these Conditions together with the relevant provisions of the Final Terms or (ii) these Conditions as so completed or supplemented (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed or attached on Definitive Materialised Bearer Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in the relevant Final Terms. References in the Conditions to "**Notes**" are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

The Notes are issued by VINCI (the "**Issuer**") with the benefit of an agency agreement dated 12 July 2017 between the Issuer and BNP Paribas Securities Services as Fiscal Agent, Principal Paying Agent, Redenomination Agent, Consolidation Agent and Calculation Agent (the "**Agency Agreement**"). The fiscal agent, the paying agent, the redenomination agent, the consolidation agent and the calculation agent(s) for the time being (if any) are referred to below respectively as the "**Fiscal Agent**", the "**Paying Agents**" (which expression shall include the Fiscal Agent), the "**Redenomination Agent**", the "**Consolidation Agent**" and the "**Calculation Agent(s)**". References below to "**Conditions**" are, unless the context requires otherwise, to the numbered paragraphs below.

Copies of the Agency Agreement are available for inspection during normal business hours at the specified offices of each of the Paying Agents.

The provisions of Article 1195 of the French *Code civil* will not apply to these Conditions.

For the purpose of these Conditions, "**Regulated Market**" means any regulated market situated in a Member State of the European Economic Area ("**EEA**") as defined in Directive 2004/39/EC as amended.

1 Form, Denomination(s), Title, Redenomination

- (a) **Form:** Notes may be issued either in dematerialised form ("**Dematerialised Notes**") or in materialised form ("**Materialised Notes**").
 - (i) Title to Dematerialised Notes will be evidenced in accordance with Articles L.211-3 *et seq.* and R. 211-1 of the French *Code monétaire et financier* by book entries (*inscriptions en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be issued in respect of the Dematerialised Notes.

Dematerialised Notes are issued, at the option of the Issuer, in either bearer dematerialised form (*au porteur*), which will be inscribed in the books of Euroclear France ("**Euroclear France**") (acting as central depositary) which shall credit the accounts of Account Holders, or in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder in either administered registered form (*au nominatif administré*) inscribed in the books of an Account Holder designated by the relevant Noteholder or in fully registered form (*au nominatif pur*) inscribed in an account in the books of Euroclear France maintained by the Issuer or the registration agent (designated in the relevant Final Terms) acting on behalf of the Issuer (the "**Registration Agent**").

Unless this possibility is expressly excluded in the relevant Final Terms, the Issuer may at any time request from the central depositary the following identification information of the holders of Dematerialised Notes in bearer form (*au porteur*): the name or the company name, nationality, date of birth or year of incorporation and mail address or, as the case may be, e-mail address as well as the quantity of Notes held by each of them and any restrictions applicable to the Notes.

For the purpose of these Conditions, "**Account Holder**" means any intermediary institution entitled to hold, directly or indirectly, accounts on behalf of its customers with Euroclear France, and includes Euroclear Bank S.A./N.V. ("**Euroclear**") and the depositary bank for Clearstream Banking, société anonyme ("**Clearstream, Luxembourg**").

- (ii) Materialised Notes are issued in bearer form only ("**Materialised Bearer Notes**"). Materialised Bearer Notes are serially numbered and are issued with coupons (each, a "**Coupon**") and, where appropriate, a talon (a "**Talon**") attached save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. Instalment Notes are issued with one or more receipts (each a "**Receipt**") attached.

In accordance with Articles L. 211-3 and R.211-1 of the French *Code monétaire et financier*, securities (such as the Notes) which are governed by French law and are in materialised form must be issued outside the French territory.

Any Notes issued under the Programme as Materialised Bearer Notes will be represented initially upon issue by Temporary Global Certificates and will be accepted for clearance through Clearstream, Luxembourg or Euroclear or any other relevant clearing system.

The Notes may be "**Fixed Rate Notes**", "**Floating Rate Notes**", "**Inverse Floating Rate Notes**", "**Dual Currency Notes**", "**Inflation Linked Notes**", "**Zero Coupon Notes**" or a combination of any of the foregoing.

Any amount due and payable in respect of any Notes (including Inflation Linked Notes) issued under the Programme will be paid in cash.

- (b) **Denomination(s)**: Notes shall be issued in the specified denomination(s) as set out in the relevant Final Terms (the "**Specified Denomination(s)**") save that the minimum denomination of each Note admitted to trading on a Regulated Market in circumstances which require the publication of a prospectus under the Prospectus Directive will be €100,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency at the issue date) or such other higher amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency). Dematerialised Notes shall be issued in one Specified Denomination only.

(c) **Title:**

- (i) Title to Dematerialised Notes in bearer dematerialised form (*au porteur*) and in administered registered form (*au nominatif administré*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of Account Holders. Title to Dematerialised Notes in fully registered form (*au nominatif pur*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of the Issuer or the Registration Agent.
- (ii) Title to Materialised Bearer Notes in definitive form having, where appropriate, Coupons, Receipt(s) and/or a Talon attached thereto on issue ("**Definitive Materialised Bearer Notes**"), shall pass by delivery.
- (iii) Except as ordered by a court of competent jurisdiction or as required by law, the holder of any Note (as defined below), Receipt, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.
- (iv) In these Conditions, "**holder of Notes**" or "**holder of any Note**", or "**Noteholder**" means (i) in the case of Dematerialised Notes, the person whose name appears in the account of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes and (ii) in the case of Materialised Notes, the bearer of any Definitive Materialised Bearer Note and the Receipts, Coupons ("**Receiptholder**" and "**Couponholder**" being construed accordingly), or Talon

relating to it, and capitalised terms have the meanings given to them in the relevant Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.

(d) Redenomination:

- (i) The Issuer may (if so specified in the relevant Final Terms), on any Interest Payment Date, without the consent of the holder of any Note, Receipt, Coupon or Talon, by giving at least 30 calendar days' notice in accordance with Condition 14 and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the single currency of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community (the "**EC**"), as amended from time to time (the "**Treaty**")), or events have occurred which have substantially the same effects (in either case, "**EMU**"), redenominate all, but not some only, of the Notes of any Series into Euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the relevant Final Terms accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Conditions as the Redenomination Date.
- (ii) The redenomination of the Notes pursuant to Condition 1(d)(i) shall be made by converting the principal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to applicable regulations of the Treaty and rounding the resultant figure to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denominations of the Notes so determined shall be notified to Noteholders in accordance with Condition 14. Any balance remaining from the redenomination with a denomination higher than Euro 0.01 shall be paid by way of cash adjustment rounded to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). Such cash adjustment will be payable in Euro on the Redenomination Date in the manner notified to Noteholders by the Issuer.
- (iii) Upon redenomination of the Notes, any reference in the relevant Final Terms to the relevant national currency shall be construed as a reference to Euro.
- (iv) The Issuer may, with the prior approval of the Redenomination Agent and the Consolidation Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 13, without the consent of the holder of any Note, Receipt, Coupon or Talon, make any changes or additions to this Condition or Condition 13 (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre of the country of the Specified Currency, interest accrual basis or benchmark), taking into account market practice in respect of redenominated euromarket debt obligations and which it believes are not prejudicial to the interests of such holders. Any such changes or additions shall, in the absence of manifest error, be binding on the holders of Notes, Receipts, Coupons and Talons and shall be notified to Noteholders in accordance with Condition 14 as soon as practicable thereafter.
- (v) Neither the Issuer nor any Paying Agent shall be liable to the holder of any Note, Receipt, Coupon or Talon or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.

2 Conversion and Exchanges of Notes

Any such conversion shall be effected at the cost of such Noteholder.

(b) **Materialised Notes**

- (vi) if **"30/360"**, **"360/360"** or **"Bond Basis"** is specified in the relevant Final Terms, the number of days in the Calculation Period divided by 360 calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{1}{360} \times [(360 \times (Y2 - Y1)) + [30 \times (M2 - M1)] + (D2 - D1)]$$

where:

Y1 is the year, expressed as a number, in which the first day of the Calculation Period falls;

Y2 is the year, expressed as a number, in which the day immediately following the last day included the Calculation Period falls;

M1 is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

M2 is the calendar month, expressed as a number, in which the day immediately following the last day included the Calculation Period falls;

D1 is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D1 will be 30; and

D2 is the calendar day, expressed as a number, immediately following the last day included the Calculation Period, unless such number would be 31 and D1 greater than 29, in which case D2 will be 30

- (vii) if **"30/360-FBF"** or **"Actual 30A/360" (American Bond Basis)** is specified in the relevant Final Terms, in respect of each Calculation Period, the fraction whose denominator is 360 and whose numerator is the number of days calculated as for 30E/360-FBF, subject to the following exception:

where the last day of the Calculation Period is the 31st and the first day is neither the 30th nor the 31st, the last month of the Calculation Period shall be deemed to be a month of thirty-one (31) days,

using the same abbreviations as for 30E/360-FBF, the fraction is:

If $dd2 = 31$ and $dd1 \neq (30,31)$

then:

$$\frac{1}{360} \times [(yy2 - yy1) \times 360 + (mm2 - mm1) \times 30 + (dd2 - dd1)]$$

or

$$\frac{1}{360} \times [(yy2 - yy1) \times 360 + (mm2 - mm1) \times 30 + \text{Min}(dd2, 30) - \text{Min}(dd1, 30)]$$

- (viii) if "**30E/360**" or "**Eurobond Basis**" is specified in the relevant Final Terms, the number of days in the Calculation Period divided by 360 calculated on a formula basis as follows:

where:

Y1 is the year, expressed as a number, in which the first day of the Calculation Period falls;

Y2 is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

(c) Interest on Floating Rate Notes, Inverse Floating Rate Notes and Inflation Linked Notes:

- (i) *Interest Payment Dates:* Each Floating Rate Note, Inverse Floating Rate Note and Inflation Linked Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable on each Interest Payment Date which, if so specified in the relevant Final Terms, may be the first day of the relevant Interest Period in respect of which it shall accrue. - (ii) *Business Day Convention:* If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day. Notwithstanding the foregoing, where the applicable Final Terms specify that the relevant Business Day Convention is to be applied on an "unadjusted" basis, the Interest Amount payable on any date shall not be affected by the application of that Business Day Convention.
- (iii) *Rate of Interest for Floating Rate Notes and Inverse Floating Rate Notes:* The Rate of Interest in respect of Floating Rate Notes and Inverse Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the relevant Final Terms and the provisions below relating to either FBF Determination or ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified in the relevant Final Terms.

(A) FBF Determination for Floating Rate Notes

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant FBF Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). In case of Inverse Floating Rate Notes, the interest rate is equal to a fixed base rate minus a rate based upon a reference rate. For the purposes of this sub-

paragraph (A), "**FBF Rate**" for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Transaction under the terms of an agreement incorporating the FBF Definitions and under which:

- (a) the Floating Rate is as specified in the relevant Final Terms, and
- (b) the relevant Floating Rate Determination Date (*Date de Détermination du Taux Variable*) is the first day of that Interest Accrual Period.

For the purposes of this sub-paragraph (A), "**Floating Rate**" (*Taux Variable*), "**Calculation Agent**" (*Agent*), "**Floating Rate Determination Date**" (*Date de Détermination du Taux Variable*) and "**Transaction**" (*Transaction*) have the meanings given to those terms in the FBF Definitions, provided that Euribor means the rate calculated for deposits in euro which appears on Reuters Page EURIBOR01, as more fully described in the relevant Final Terms.

In the applicable Final Terms, when the paragraph "Floating Rate (*Taux Variable*)" specifies that the rate is determined by linear interpolation, in respect of an Interest Period, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Floating Rate, one of which shall be determined as if the maturity for which rates are available were the period of time of next shorter length as compared to the length of the relevant Interest Period, and the other of which shall be determined as if the maturity were the period of time of next longer length as compared to the length of the relevant Interest Period.

(B) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). In case of Inverse Floating Rate Notes, the interest rate is equal to a fixed base rate minus a rate based upon a reference rate. For the purposes of this sub-paragraph (B), "**ISDA Rate**" for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (a) the Floating Rate Option is as specified in the relevant Final Terms,
- (b) the Designated Maturity is a period specified in the relevant Final Terms, and
- (c) the relevant Reset Date is the first day of that Interest Accrual Period.

In the applicable Final Terms, when the paragraph 'Floating Rate Option' specifies that the rate is determined by linear interpolation, in respect of an Interest Period, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Floating Rate Option, one of which shall be determined as if the Designated Maturity were the period of time (for which rates are available) next shorter than the length of the relevant Interest Period, and the other of which shall be determined as if the Designated Maturity were the period of time (for which rates are available) next longer than the length of the

relevant Interest Period.

For the purposes of this sub-paragraph (B), "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**", "**Reset Date**" and "**Swap Transaction**" have the meanings given to those terms in the ISDA Definitions.

(C) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent at or about the Relevant Time on the Interest Determination Date in respect of such Interest Accrual Period in accordance with the following:

(a) if the Primary Source for Floating Rate is a Page, subject as provided below, the Rate of Interest shall be:

- (i) the Relevant Rate (where such Relevant Rate on such Page is a composite quotation or is customarily supplied by one entity) or
- (ii) the arithmetic mean of the Relevant Rates of the persons whose Relevant Rates appear on that Page,

in each case appearing on such Page at the Relevant Time on the Interest Determination Date, as disclosed in the relevant Final Terms;

(b) if the Primary Source for the Floating Rate is Reference Banks or if sub-paragraph (a)(i) applies and no Relevant Rate appears on the Page at the Relevant Time on the Interest Determination Date or if sub-paragraph (a)(ii) applies and fewer than two Relevant Rates appear on the Page at the Relevant Time on the Interest Determination Date, subject as provided below, the Rate of Interest shall be the arithmetic mean of the Relevant Rates that each of the Reference Banks is quoting to leading banks in the Relevant Financial Centre at the Relevant Time on the Interest Determination Date, as determined by the Calculation Agent;

(c)

- (i) if paragraph (b) above applies and, if the Relevant Rate is an inter-bank offered rate, the Calculation Agent determines that fewer than two Reference Banks are so quoting Relevant Rates, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) that the Calculation Agent determines to be the rates (being the nearest equivalent to the Benchmark) in respect of a Representative Amount of the Specified Currency that at least two out of five leading banks selected by the Calculation Agent in the principal financial centre of the country of the Specified Currency or, if the Specified Currency is Euro, in the Euro-zone as selected by the Calculation Agent (the "**Principal Financial Centre**") are quoting at or about the Relevant Time on the date on which such banks would customarily quote such rates for a period commencing on the Effective Date for a period equivalent to the Specified Duration (I) to leading banks carrying on business in Europe, or (if the Calculation Agent determines

that fewer than two of such banks are so quoting to leading banks in Europe) (II) to leading banks carrying on business in the Principal Financial Centre; except that, if fewer than two of such banks are so quoting to leading banks in the Principal Financial Centre, the Rate of Interest shall be the Rate of Interest determined on the previous Interest Determination Date (after readjustment for any difference between any Margin, Rate Multiplier or Maximum or Minimum Rate of Interest applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period); and

- (ii) if paragraph (b) above applies and, in the case of a Relevant Rate other than an inter-bank offered rate, for any reason, the Relevant Rate is no longer published or if fewer than two quotations are provided to the Calculation Agent in accordance with the above paragraph, the Relevant Rate will be determined by the Calculation Agent in its sole discretion, acting in good faith and in a commercial and reasonable manner.

In the applicable Final Terms, when the paragraph 'Relevant Screen Page' specifies that the rate is determined by linear interpolation, in respect of an Interest Period, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Relevant Rate, one of which shall be determined as if the maturity were the period of time (for which rates are available) next shorter than the length of the relevant Interest Period, and the other of which shall be determined as if the maturity were the period of time (for which rates are available) next longer than the length of the relevant Interest Period.

- (iv) *Rate of Interest for Inflation Linked Notes*: The Rate of Interest in respect of Inflation Linked Notes applicable to each Interest Accrual Period shall be determined according to the method indicated below.

(A) Consumer Price Index

Where the consumer price index excluding tobacco for all households in metropolitan France, as calculated and published by the "*Institut National de la Statistique et des Etudes Economiques*" (the "**INSEE**") (the "**CPI**") is specified as the Index in the relevant Final Terms, this Condition 5(c)(iv)(A) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 5(c)(iv)(A) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the CPI (the "**CPI Linked Interest**") applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the rate *per annum* specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined below), as determined by the Calculation Agent on the following basis:

- (a) On the fifth Business Day before each Interest Payment Date (an "**Interest Determination Date**") the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition 5(c)(iv)(A), the "**Inflation Index Ratio**" or "**IIR**" is the ratio between (i) the CPI Daily Inflation

Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be and (ii) the base reference defined as the CPI Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the "**Base Reference**"). Notwithstanding Condition 5(i)(iii), the IIR will be rounded if necessary to five significant figures (with halves being rounded up).

"**CPI Daily Inflation Reference Index**" means (i) in relation to the first day of any given month, the CPI Monthly Reference Index of the third month preceeding such month, and (ii) in relation to a day (D) (other than the first day) in any given month (M), the linear interpolation of the CPI Monthly Reference Index pertaining respectively to the third month preceeding such month (M - 3) and the second month preceeding such month (M - 2) calculated in accordance with the following formula:

CPI Daily Inflation Reference Index =

$$\text{CPIMonthlyReference Index}_{M-3} + \frac{D-1}{\text{ND}_M} \times (\text{CPIMonthlyReference Index}_{M-2} - \text{CPIMonthlyReference Index}_{M-3})$$

With:

"**ND_M**": actual number of days in the relevant month M;

"**D**": actual day of payment in the relevant month M;

"**CPI Monthly Reference Index_{M-2}**": price index of month M - 2;

"**CPI Monthly Reference Index_{M-3}**": price index of month M - 3.

Notwithstanding Condition 5(i)(iii), the CPI Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up)

For information purposes, such CPI Daily Inflation Reference Index appears on the *Agence France Trésor* Reuters page OATINFLATION01 or on Bloomberg TRESOR<GO> pages and on the website www.aft.gouv.fr. In the case of doubt in the interpretation of the methods used to calculate the Inflation Index Ratio, such methods shall be interpreted by reference to the procedures selected by the French Treasury (*Trésor*) for its *obligations assimilables au Trésor indexées sur l'inflation*.

"**CPI Monthly Reference Index**" refers to the definitive consumer price index excluding tobacco for all households in metropolitan France, as calculated and published monthly by the INSEE as such index may be adjusted or replaced from time to time as provided herein.

The calculation method described in this Condition is based on the recommendation issued by the French Bond Association (*Comité de Normalisation Obligataire* - www.cnofrance.org) in its December 2010 Paper entitled "*Inflation Indexed Notes*" (*Obligations et autres instruments de taux d'intérêts en euro, Normes et usages des marchés de capitaux - Chapitre II: Les obligations indexées sur l'inflation*). In the case of any conflict between this calculation method provided below and the calculation method provided by the French Bond

Association (*Comité de Normalisation Obligataire*), the calculation method provided by the French Bond Association (*Comité de Normalisation Obligataire*) shall prevail.

(b)

(i) If the CPI Monthly Reference Index is not published in a timely manner, a substitute CPI Monthly Reference Index (the "**Substitute CPI Monthly Reference Index**") shall be determined by the Calculation Agent in accordance with the following provisions:

(x) If a provisional CPI Monthly Reference Index (*indice provisoire*) has already been published, such index shall automatically be used as the Substitute CPI Monthly Reference Index. Such provisional CPI Monthly Reference Index would be published under the heading "*indice de substitution*". Once the definitive CPI Monthly Reference Index is released, it would automatically apply from the day following its release to all calculations taking place from this date.

(y) If no provisional CPI Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute CPI Monthly Reference Index_M=

$$\text{CPI Monthly Reference Index}_{M-1} \times \left(\frac{\text{CPI Monthly Reference Index}_{M-1}}{\text{CPI Monthly Reference Index}_{M-13}} \right)^{\frac{1}{12}}$$

(ii) In the event INSEE decides to proceed with one or more base changes for the purpose of calculating the CPI Monthly Reference Index at any time while any of the Notes are still outstanding, then for the purpose of calculating the relevant Rate of Interest in respect of such Notes, the value of the CPI Monthly Reference Index following such change in base shall be determined in accordance with the methodology published by INSEE. In the event that no such methodology is published, then the Calculation Agent shall make such calculation as it, in its reasonable discretion, deems appropriate to determine the relevant CPI Monthly Reference Index.

(B) Harmonised Index of Consumer Prices

Where the harmonised index of consumer price (excluding tobacco) measuring the rate of inflation in the European Monetary Union as calculated and published monthly by Eurostat (the "**HICP**") is specified as the Index in the relevant Final Terms, this Condition 5(c)(iv)(B) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 5(c)(iv)(B) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the HICP (the "**HICP Linked Interest**") applicable from time to time for each

Interest Period (as specified in the relevant Final Terms) will be equal to the rate *per annum* specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined below), as determined by the Calculation Agent on the following basis:

- (a) On the fifth Business Day before each Interest Payment Date (an "**Interest Determination Date**") the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition 5(c)(iv)(B), the "**Inflation Index Ratio**" or "**IIR**" is the ratio between (i) the HICP Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be and (ii) the base reference defined as the HICP Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the "**Base Reference**"). Notwithstanding Condition 5(i)(iii), the IIR will be rounded if necessary to five significant figures (with halves being rounded up).

"**HICP Daily Inflation Reference Index**" means (i) in relation to the first day of any given month, the HICP Monthly Reference Index of the third month preceeding such month, and (ii) in relation to a day (D) (other than the first day) in any given month (M), the linear interpolation of the HICP Monthly Reference Index pertaining respectively to the third month preceeding such month (M - 3) and the second month preceeding such month (M - 2) calculated in accordance with the following formula:

HICP Daily Inflation Reference Index =

$$\text{HICP Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{HICP Monthly Reference Index}_{M-2} - \text{HICP Monthly Reference Index}_{M-3})$$

Where:

"**ND_M**": actual number of days in the relevant month M;

"**D**": actual day of payment in the relevant month M;

"**HICP Monthly Reference Index_{M-2}**": price index of month M - 2;

"**HICP Monthly Reference Index_{M-3}**": price index of month M - 3.

Notwithstanding Condition 5(i)(iii), the HICP Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such HICP Daily Inflation Reference Index appears on the *Agence France Trésor* Reuters page OATEI01, on the website www.aft.gouv.fr and on Bloomberg page TRESOR.

"**HICP Monthly Reference Index**" refers to the harmonised index of consumer prices (excluding tobacco) measuring the rate of inflation in the European Monetary Union as calculated and published by Eurostat as such index may be adjusted or replaced from time to time as provided herein. The first publication or announcement of a level of such index for a given month shall be final and conclusive and later revisions to the level for such month will not be used in any calculations.

(b)

(i) If the HICP Monthly Reference Index is not published in a timely manner, a substitute HICP Monthly Reference Index (the "Substitute HICP Monthly Reference Index") shall be determined by the Calculation Agent in accordance with the following provisions:

(x) If a provisional HICP Monthly Reference Index has already been published by Eurostat, such index shall automatically be used as the Substitute HICP Monthly Reference Index. Once the definitive HICP Monthly Reference Index is released, it would automatically apply from the day following its release to all calculations taking place from this date.

(y) If no provisional HICP Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute HICP Monthly Reference Index_M=

$$\text{HICP Monthly Reference Index}_{M-1} \times \left(\frac{\text{HICP Monthly Reference Index}_{M-1}}{\text{HICP Monthly Reference Index}_{M-13}} \right)^{\frac{1}{12}}$$

(ii) In the event Eurostat decides to proceed with one or more base changes for the purpose of calculating the HICP Monthly Reference Index at any time while any of the Notes are still outstanding, then for the purpose of calculating the relevant Rate of Interest in respect of such Notes, the value of the HICP Monthly Reference Index following such change in base shall be determined in accordance with the methodology published by Eurostat. In the event that no such methodology is published, then the Calculation Agent shall make such calculation as it, in its reasonable discretion, deems appropriate to determine the relevant HICP Monthly Reference Index.

(d) **Fixed/Floating Rate Notes:** Fixed/Floating Rate Notes are Notes for which a change of interest basis (the "**Change of Interest Basis**") is specified to be applicable in the relevant Final Terms.

Fixed/Floating Rate Notes may bear interest at a rate that:

(i) the Issuer may elect to convert on the date set out in the Final Terms (the "**Switch Date**") from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate. The Issuer election to change the interest basis (the "**Issuer Change of Interest Basis**") will be deemed effective upon receipt of a valid notification sent by the Issuer, in accordance with Condition 14 (*Notices*) to the relevant Noteholders within the period specified in the relevant Final Terms; or

(ii) will automatically change from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms (the "**Automatic Change of Interest Basis**").

(e) **Zero Coupon Notes:** Where a Note the Interest Basis of which is specified to be Zero Coupon and is repayable prior to the Maturity Date is not paid when due, the amount due and payable prior to

the Maturity Date shall be the Early Redemption Amount or the Optional Redemption Amount, as the case may be, of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(f)(i)).

- (f) **Dual Currency Notes:** The Issuer may issue Fixed Rate Notes or Floating Rate Notes with interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. In such a case, the relevant Final Terms will specify the relevant currency(ies) in which interest is/are payable and the applicable Rate(s) of Exchange.
- (g) **Accrual of interest:** Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date (as defined in Condition 8).
- (h) **Deferral of interest:** If deferral of interest is specified in the relevant Final Terms, in the case of Undated Subordinated Notes, interest shall be payable on each Compulsory Interest Payment Date (as defined below) in respect of the interest accrued in the Interest Period ending on the day immediately preceding such date. On any Optional Interest Payment Date (as defined below) there may be paid (if the Issuer so elects) the interest accrued in the Interest Period ending on the day immediately preceding such date but the Issuer shall not have any obligation to make such payment. Notice of any Optional Interest Payment Date shall (for so long as the rules of, or applicable to, any Regulated Market so require) be given to the Noteholders in accordance with Condition 14 and to the relevant Regulated Market. Such notice shall be given at least seven calendar days prior to the relevant Optional Interest Payment Date(s). Any interest not paid on an Optional Interest Payment Date shall, so long as the same remains unpaid, constitute "Arrears of Interest" which term shall include interest on such unpaid interest as referred to below. Arrears of Interest may, at the option of the Issuer, be paid in whole or in part at any time upon the expiration of not less than seven calendar days' notice to such effect given to the Noteholders in accordance with Condition 14 but all Arrears of Interest on all Undated Subordinated Notes outstanding shall become due in full on whichever is the earliest of:
 - (i) the next Interest Payment Date if such Interest Payment Date is a Compulsory Interest Payment Date or,
 - (ii) the date on which any Undated Subordinated Notes are to be redeemed partially or in full (otherwise than at the option of the Noteholders) in accordance with their terms and conditions or,
 - (iii) (a) a judgement rendered by any competent court declaring the transfer of the whole of the business (*cession totale de l'entreprise*) or the judicial liquidation (*liquidation judiciaire*) of the Issuer or (b) the liquidation of the Issuer for any other reason.

If notice is given by the Issuer of its intention to pay the whole or part of Arrears of Interest, the Issuer shall be obliged to do so upon the expiration of such notice. When Arrears of Interest are paid in part, each such payment shall be applied in or towards satisfaction of the full amount of the Arrears of Interest accrued in respect of the earliest Interest Period in respect of which Arrears of Interest have accrued and have not been paid in full. Arrears of Interest shall (to the extent permitted by law) bear interest accruing (but only, in accordance with Article 1343-2 of the French *Code civil*, after such interest has been due for a period of at least one year) and compounding on the basis of the exact number of days which have elapsed at the prevailing rate of interest on the Undated Subordinated Notes in respect of each relevant Interest Period. For these purposes the following expressions have the following meanings:

"Compulsory Interest Payment Date" means any Interest Payment Date on which the Issuer has (i) declared or paid any dividend (final or interim) of any nature (whether in cash, shares or any other form and including, any interim dividend (*acompte sur dividende*) on any Share Capital Securities, (ii) redeemed, repurchased or otherwise acquired any Share Capital Securities by any means other than in connection with the performance by the Issuer of its obligations under any existing or future benefit plan, share option plan or free share allocation scheme reserved for directors, officers or employees of the Issuer or (iii) at its election, redeemed, repurchased or

otherwise acquired any Parity Securities (other than Notes).

"Optional Interest Payment Date" means any Interest Payment Date, as the case may be, other than a Compulsory Interest Payment Date.

"Parity Securities" means any subordinated obligations or other instruments issued by the Issuer which rank, or are expressed to rank, *pari passu* among themselves and with the Subordinated Notes.

"Share Capital Securities" means (a) any ordinary shares (*actions ordinaires*) of the Issuer and (b) any other class of the Issuer's share capital (including preference shares (*actions de préférence*, including *actions à dividendes prioritaires sans droit de vote*), or other priority shares (*actions de priorité*)) issued by the Issuer.

- (i) **Margin, Maximum/Minimum Rates of Interest, Instalment Amount, Redemption Amounts, Rate Multipliers and Rounding**
- (i) If any Margin and/or Rate Multiplier is specified in the relevant Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with (c) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin or multiplying by such Rate Multiplier, subject always to the next paragraph.
 - (ii) If any Maximum or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
 - (iii) Unless a higher Minimum Rate of Interest is specified in the relevant Final Terms, the Minimum Rate of Interest shall be deemed equal to zero. For the avoidance of doubt, "Minimum Rate of Interest" shall refer to the relevant rate plus any relevant margin.
 - (iv) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes unit means the lowest amount of such currency that is available as legal tender in the country(ies) of such currency.
- (j) **Calculations:** The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount is specified in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.
- (k) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Optional Redemption Amounts, Early Redemption Amounts and Instalment Amounts:** As soon as practicable after the relevant time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, it shall determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Optional Redemption Amount, Early Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Optional Redemption Amount, Early Redemption Amount or any Instalment Amount to be notified to the

Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, such Regulated Market so require, such Regulated Market as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such Regulated Market of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(c)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

- (l) **Calculation Agent and Reference Banks:** The Issuer shall use its best efforts to procure that there shall at all times be four Reference Banks (or such other number as may be required by the Conditions) with offices in the Relevant Financial Centre and one or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding (as defined in Condition 4). If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer shall appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid. So long as the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, that Regulated Market so require, notice of any change of Calculation Agent shall be given in accordance with Condition 14.

6 Redemption, Purchase and Options

- (a) **Final Redemption:** Unless previously redeemed, purchased and cancelled as provided below or its maturity is extended in accordance with the paragraph below, each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount (which, unless otherwise provided in these Conditions, is its nominal amount) or, in the case of a Note falling within Condition 6(b) below, its final Instalment Amount.

If an extended maturity date (the "**Extended Maturity Date**") is specified in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than 15 nor more than 30 calendar days' irrevocable notice to that effect in accordance with Condition 14 to the Noteholders, not pay whole or part of the Final Redemption Amount on the Maturity Date specified in the relevant Final Terms. Such payment of an unpaid amount will be deferred and may be paid in whole or in part by the Issuer on any Specified Interest Payment Date occurring thereafter up to and including the Extended Maturity Date, but shall in any event be due and payable on the Extended Maturity Date. Interest from the Maturity Date and up to the Extended Maturity Date will be specified in the relevant Final Terms, will accrue on any unpaid amount during such extended period and be payable on each Specified Interest Payment Date and on the Extended Maturity Date in accordance with these Conditions and the relevant Final Terms.

- (b) **Redemption by Instalments and Final Redemption:** Unless previously redeemed, purchased and cancelled as provided in this Condition 6 or the relevant Instalment Date (being one of the dates so specified in the relevant Final Terms) is extended in accordance with the paragraph below, each

Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified in the relevant Final Terms. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused (i) in the case of Dematerialised Notes, on the due date for such payment or (ii) in the case of Materialised Notes, on presentation of the related Receipt, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.

If an extended instalment date (the "**Extended Instalment Date**") is specified in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than 15 nor more than 30 calendar days' irrevocable notice to that effect to the Noteholders in accordance with Condition 14, not pay whole or part of the Instalment Amount on the Instalment Date specified in the relevant Final Terms. Such payment of an unpaid amount will be deferred and may be paid in whole or in part by the Issuer on any Specified Interest Payment Date occurring thereafter up to and including the Extended Instalment Date, but shall in any event be due and payable on the Extended Instalment Date. Interest on the Instalment Amount from the Instalment Date and up to the Extended Instalment Date will be specified in the relevant Final Terms, will accrue on any unpaid amount on such Instalment Amount during such extended period and be payable on each Specified Interest Payment Date and on the Extended Instalment Date in accordance with these Conditions and the relevant Final Terms.

- (c) **Final Redemption of Inflation Linked Notes:** If so specified in the relevant Final Terms, the Final Redemption Amount in respect of Inflation Linked Notes will be determined by the Calculation Agent on the following basis:

$$\text{Final Redemption Amount} = \text{IIR} \times \text{nominal amount of the Notes}$$

"**IIR**" being for the purpose of this Condition 6(c) the ratio determined on the fifth Business Day before the Maturity Date between (i) if the CPI is specified as the Index applicable in the Final Terms, the CPI Daily Inflation Reference Index on the Maturity Date and the Base Reference on the date specified in the relevant Final Terms or (ii) if the HICP is specified as the Index applicable in the Final Terms, the HICP Daily Inflation Reference Index on the Maturity Date and the Base Reference on the date specified in the relevant Final Terms.

If the Final Redemption Amount calculated as set out above is below par, the Notes will be redeemed at par.

- (d) **Redemption at the Option of the Issuer and Partial Redemption:**

- (i) Call Option

If a Call Option is specified in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than 15 nor more than 30 calendar days' irrevocable notice in accordance with Condition 14 to the Noteholders, redeem in relation to all, or, if so provided, some, of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount (as set out in Condition 6(f)) together with interest accrued to the date fixed for redemption (including, where applicable, any Arrears of Interest), if any. Any such redemption must relate to Notes of a nominal amount at least equal to the minimum nominal amount to be redeemed specified in the relevant Final Terms and no greater than the maximum nominal amount to be redeemed specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

(ii) Make-whole Redemption

Unless specified as not being applicable in the relevant Final Terms, the Issuer may, subject to compliance with all relevant laws, regulations and directives and on giving not less than 15 nor more than 30 calendar days' irrevocable notice in accordance with Condition 14 to the Noteholders redeem the Notes, in whole or in part, at any time or from time to time, prior to their Maturity Date (the "**Make-whole Redemption Date**"). Any such redemption of Notes shall be made at their Make-Whole Redemption Amount.

"Make-whole Redemption Amount" means an amount calculated by the Calculation Agent and equal to the greater of (x) 100 per cent. of the principal amount of the Notes so redeemed and (y) the sum of the then present values of the remaining scheduled payments of principal and interest on such Notes (excluding any interest accrued on the Notes to, but excluding, the relevant Make-whole Redemption Date) discounted to the relevant Make-whole Redemption Date on an annual basis at the Make-whole Redemption Rate plus a Make-whole Redemption Margin, plus in each case, any interest accrued on the Notes to, but excluding, the Make-whole Redemption Date.

"Make-whole Redemption Margin" means the margin specified as such in the relevant Final Terms.

"Make-whole Redemption Rate" means (i) the average of the four quotations given by the Reference Dealers of the mid-market annual yield to maturity of the Reference Security on the fourth Business Day preceding the Make-whole Redemption Date at 11:00 a.m. (Central European Time ("CET")) ("**Reference Dealer Quotation**") or (ii) the Reference Screen Rate, as specified in the relevant Final Terms.

"Reference Dealers" means each of the four banks selected by the Calculation Agent which are primary European government security dealers, and their respective successors, or market makers in pricing corporate bond issues, or such other banks or method of selection of such banks as specified in the relevant Final Terms.

"Reference Screen Rate" means the screen rate specified as such in the relevant Final Terms.

"Reference Security" means the security specified as such in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed, or the Issuer's option shall be exercised, on the date specified in such notice in accordance with this Condition.

If the Reference Security is no longer outstanding, a Similar Security will be chosen by the Calculation Agent at 11:00 a.m. (CET) on the third Business Day preceding the Make-whole Redemption Date, quoted in writing by the Calculation Agent to the Issuer and published in accordance with Condition 14.

"Similar Security" means a reference bond or reference bonds issued by the same issuer as the Reference Security having an actual or interpolated maturity comparable with the remaining term of the Notes that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Notes.

The Make-whole Redemption Rate will be published by the Issuer in accordance with Condition 14.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

(iii) Partial Redemption

In the case of a partial redemption in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the number of the Definitive Materialised Bearer Notes to be redeemed, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and Regulated Market requirements.

In the case of a partial redemption in respect of Dematerialised Notes, the redemption may be effected, at the option of the Issuer, either (i) by reducing the nominal amount of all such

Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed or (ii) by redeeming in full some only of such Dematerialised Notes and, in such latter case, the choice between those Dematerialised Notes that will be fully redeemed and those Dematerialised Notes of any Series that will not be redeemed shall be made in accordance with Article R. 213-16 of the French *Code monétaire et financier* and the provisions of the relevant Final Terms, subject to compliance with any other applicable laws and Regulated Market requirements.

So long as the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, such Regulated Market require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in a leading newspaper with general circulation in the city where the Regulated Market on which such Notes are admitted to trading is located, which in the case of Euronext Paris is expected to be *Les Echos*, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes, a list of any Definitive Materialised Bearer Notes drawn for redemption but not surrendered.

- (e) **Redemption at the Option of Noteholders and Exercise of Noteholders' Options:** If an Investor Put is specified in the relevant Final Terms the Issuer shall, at the option of the Noteholder, upon the Noteholder giving not less than 15 nor more than 30 calendar days' notice to the Issuer redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount (as set out in Condition 6(f)) together with interest accrued to the date fixed for redemption including, where applicable, any Arrears of Interest.

To exercise such option the Noteholder must deposit with any Paying Agent at its specified office during usual business hours a duly completed option exercise notice (the "**Exercise Notice**") in the form obtained during usual business hours from any Paying Agent or the Registration Agent, as the case may be, within the notice period. Such notice shall, in the case of Materialised Bearer Notes, have attached to it such Note (together with all unmatured Receipts and Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Paying Agent specified in the Exercise Notice. No option so exercised and, where applicable, no Note so deposited or transferred may be withdrawn without the prior consent of the Issuer.

- (f) **Early Redemption Amount and Optional Redemption Amount:**

- (i) Zero Coupon Notes:

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note, upon redemption of such Notes pursuant to Condition 6(g) or 6(j) or upon becoming due and payable as provided in Condition 9, or the Optional Redemption Amount pursuant to Condition 6(d)(i) or 6(e) in respect of such Notes, as the case may be, shall be the amortised nominal amount (the "**Amortised Nominal Amount**") (calculated as provided below) of such Note.
- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Nominal Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which shall be such rate as would produce an Amortised Nominal Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(g) or 6(j) or upon becoming due and payable as provided in Condition 9, or the Optional Redemption Amount pursuant to Condition 6(d)(i) or 6(e) in respect of such Notes, is not paid when due, the Early Redemption Amount or the Optional Redemption Amount, as the case may be, due and payable in respect of such Note shall be the Amortised Nominal Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Amortised Nominal Amount becomes due and payable were the Relevant Date. The

calculation of the Amortised Nominal Amount in accordance with this sub-paragraph shall continue to be made (as well after as before judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(g).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown in the relevant Final Terms.

(ii) Inflation Linked Notes:

- (A) If the relevant Final Terms provide that Condition 6(f)(ii)(A) shall apply in respect of Inflation Linked Notes, the Early Redemption Amount upon redemption of such Notes pursuant to Condition 6(g) or 6(j) or upon becoming due and payable as provided in Condition 9, or the Optional Redemption Amount pursuant to Condition 6(d)(i) or 6(e) in respect of such Notes, as the case may be, will be determined by the Calculation Agent on the following basis:

"Early Redemption Amount" = $IIR \times \text{nominal amount of the Notes}$

Or, as the case may be:

"Optional Redemption Amount" = $IIR \times \text{nominal amount of the Notes}$

"IIR" being for the purpose of this Condition the ratio determined on the fifth Business Day before the date set for redemption between (i) if the CPI is specified as the Index applicable in the Final Terms, the CPI Daily Inflation Reference Index on the date set for redemption and the Base Reference specified in the relevant Final Terms, or (ii) if HICP is specified as the Index applicable in the Final Terms, the HICP Daily Inflation Reference Index on the date set for redemption and the Base Reference specified in the relevant Final Terms.

If the Early Redemption Amount calculated as set out above is below par, the Notes will be redeemed at par.

- (B) If the Inflation Linked Notes (whether or not Condition 6(f)(ii)(A) applies) fall to be redeemed for whatever reason before the Maturity Date, the Issuer will pay the Early Redemption Amount or the Optional Redemption Amount, as the case may be, together with interest accrued to the date set for redemption. Such accrued interest will be calculated by the Calculation Agent in respect of the period from, and including the immediately preceding Interest Payment Date or, as the case may be, the Interest Commencement Date to, but excluding, the date set for redemption of such Notes at a rate per annum on the basis of the provisions of Condition 5(c)(iv) above except that, for such purposes the relevant Interest Determination Date shall be the fifth Business Day prior to the relevant Early Redemption Date.

(iii) Other Notes:

- (A) The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) and (ii) above), upon redemption of such Note pursuant to Condition 6(g) or 6(j) or upon it becoming due and payable as provided in Condition 9 shall be the Final Redemption Amount together with interest accrued to the date fixed for redemption (including, where applicable, any Arrears of Interest).

- (B) The Optional Redemption Amount payable in respect of any Note (other than Notes described in (i) and (ii) above), upon redemption of such Note pursuant to Condition 6(d)(i) or 6(e) will be determined by the Calculation Agent on the following basis:

"Optional Redemption Amount" = Y x Specified Denomination

Where:

"Y" means the ratio expressed as a percentage specified in the relevant Final Terms.

(g) Redemption for Taxation Reasons:

- (i) If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes, not be able to make such payment without having to pay additional amounts as specified under Conditions 8(a) and 8(b) below, the Issuer may, at its option, on any Interest Payment Date or, if so specified in the relevant Final Terms, at any time, subject to having given not more than 60 nor less than 30 calendar days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 14, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any Arrears of Interest) provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and interest without withholding for French taxes.
- (ii) If the Issuer would on the next payment of principal or interest in respect of the Notes be prevented by French law from making payment to the Noteholders or, if applicable, Couponholders of the full amounts then due and payable, notwithstanding the undertaking to pay additional amounts contained in Conditions 8(a) and 8(b) below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven calendar days' prior notice to the Noteholders in accordance with Condition 14, redeem all, but not some only, of the Notes then outstanding at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any Arrears of Interest) on (A) the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes, provided that if such notice would expire after such Interest Payment Date the date for redemption pursuant to such notice of Noteholders shall be the later of (i) the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes and (ii) 14 calendar days after giving notice to the Fiscal Agent as aforesaid or (B) if so specified in the relevant Final Terms, at any time, provided that the due date for redemption of which notice hereunder shall be given shall be the latest practicable date at which the Issuer could make payment of the full amount payable in respect of the Notes, or, if applicable, Receipts, Coupons or, if that date is passed, as soon as practicable thereafter.
- (h) **Purchases:** The Issuer shall have the right at all times to purchase Notes (provided that, in the case of Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price, subject to the applicable laws and/or regulations. Any Notes so purchased by the Issuer may be held and resold in accordance with applicable laws and regulations for the purpose of enhancing the liquidity of the Notes, or cancelled.
- (i) **Cancellation:** All Notes redeemed or purchased for cancellation by or on behalf of the Issuer will be cancelled, in the case of Dematerialised Notes, together with all rights relating to payment of interest and other amounts relating to such Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Bearer Notes, together with all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith, by surrendering to the Fiscal Agent the Temporary Global

Certificate and the Definitive Materialised Bearer Notes in question together with all unmatured Receipts and Coupons and all unexchanged Talons. Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be re-issued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged. For so long as the Notes are listed and admitted to trading on Euronext Paris, the Issuer will forthwith inform Euronext Paris of any such cancellation.

- (j) **Illegality:** If, by reason of any change in French law, or any change in the official application of such law, becoming effective after the Issue Date, it will become unlawful for the Issuer to perform or comply with one or more of its obligations under the Notes, the Issuer will, subject to having given not more than 45 nor less than 30 calendar days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 14, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any Arrears of Interest).
- (k) **Redemption at the option of Noteholders following a Change of Control:** If at any time while any of the Notes remain outstanding, there occurs a Change of Control and within the Change of Control Period a Rating Downgrade in respect of that Change of Control occurs (a "**Put Event**"), the holder of each Note will have the option (the "**Put Option**") (unless, prior to the giving of the Put Event Notice (as defined below), the Issuer gives not more than 60 nor less than 30 calendar days' prior notice to the Noteholders in accordance with Condition 14 of its intention to redeem the Notes pursuant to Condition 6(d) (if specified in the relevant Final Terms as applicable), Condition 6(g) or Condition 6(j) (which notice shall be irrevocable)) to require the Issuer to redeem or, at the Issuer's option, to procure the purchase of that Note on the Optional Settlement Date (as defined below) at its principal amount together with accrued interest (including, where applicable, any Arrears of Interest) to but excluding the Optional Settlement Date.

"**Control**", in respect of any entity, means:

- (i) the holding or acquisition, directly or indirectly, by any person or persons acting in concert or any person or persons acting on behalf of any such person(s) (the "**Relevant Person(s)**") of (A) more than 50 per cent. of the issued share capital of such entity; or (B) a number of shares in the share capital of such entity carrying more than 50 per cent. of the voting rights normally exercisable at a general meeting of such entity; or (C) a number of shares in the share capital of such entity carrying at least 40 per cent. of the voting rights normally exercisable at general meetings of such entity and no other shareholder of such entity, directly or indirectly, acting alone or in concert with others, holds a number of shares carrying a percentage of the voting rights normally exercisable in such general meetings which is higher than the percentage of voting rights attached to the number of shares held by such Relevant Person(s) or;
- (ii) whether by the ownership of share capital or the possession of voting power, contract or otherwise the ability, directly or indirectly, of any Relevant Person(s) to appoint or dismiss all or the majority of the members of the *Conseil d'administration* or other governing or supervisory body of such entity.

A "**Change of Control**" in respect of the Issuer shall be deemed to have occurred at each time (whether or not approved by the Issuer) that any Relevant Person(s), at any time following the Issue Date of the Notes acquire(s) Control of the Issuer.

"**Change of Control Period**" means the period commencing on the date that is the earlier of:

- (i) the date of the First Formal Change of Control Announcement; and
- (ii) the date of the earliest relevant Potential Change of Control Announcement (if any),

and ending 90 calendar days after the First Formal Change of Control Announcement (the "**Initial Longstop Date**"), provided that, unless any other Rating Agency has on or prior to the Initial Longstop Date effected a Rating Downgrade in respect of its rating of the Notes, if one or more Rating Agency publicly announces, at any time within a period starting on the date which is 60 calendar days prior to the Initial Longstop Date and ending on the Initial Longstop Date, that it has placed its rating of the Notes under consideration for rating review as a consequence of such Change of Control, the Change of Control Period shall be extended to the date which falls 60 calendar days after the date of the first such public rating review consideration announcement.

"First Formal Change of Control Announcement" means the first of any formal public announcement of the occurrence of the relevant Change of Control in respect of the Issuer.

"Potential Change of Control Announcement" means any public announcement or statement by the Issuer, any actual or potential bidder or any advisor thereto relating to any potential Change of Control, such announcement or statement occurring no more than 180 calendar days prior to the First Formal Change of Control Announcement.

"Rating Agency" means Standard & Poor's Credit Market Services Europe Limited and/ or Moody's Investors Service Ltd. and their respective successors or affiliates and/ or any other rating agency of equivalent international standing specified from time to time by the Issuer which has a current rating of the Notes at any relevant time.

A **"Rating Downgrade"** shall be deemed to have occurred in respect of a Change of Control in respect of the Issuer if within the Change of Control Period the rating previously assigned to any of the Notes by any Rating Agency is (i) withdrawn or (ii) changed from an investment grade rating (BBB-/Baa3, or their respective equivalents for the time being, or better) to a non-investment grade rating (BB+/Ba1, or their respective equivalents for the time being, or worse) or (iii) if the rating previously assigned to any of the Notes by any Rating Agency was below an investment grade rating (as described above), lowered at least one full rating notch (for example, from BB+/Ba1 to BB/Ba2 or their respective equivalents), provided that a Rating Downgrade otherwise arising by virtue of a particular change in rating shall be deemed not to have occurred in respect of a particular Change of Control in respect of the Issuer if the Rating Agency making the change in rating does not publicly announce or publicly confirm that the reduction was the result, in whole or part, of any event or circumstance comprised in or arising as a result of, or in respect of, such Change of Control.

Promptly upon the Issuer becoming aware that a Put Event has occurred, the Issuer shall give notice (a **"Put Event Notice"**) to the Noteholders in accordance with Condition 14 (which notice shall be irrevocable) specifying the nature of the Put Event and the circumstances giving rise to it and the procedure for exercising the Put Option contained in this Condition 6(k).

To exercise the Put Option to require redemption or, as the case may be, purchase of a Note under this Condition 6(k), the holder of that Note must (i) in the case of Dematerialised Notes transfer or cause to be transferred by its Account Holder its Notes to be so redeemed or purchased to the account of the Paying Agent specified in the Put Option Notice for the account of the Issuer or (ii) in the case of Materialised Notes, deposit its Notes with any Paying Agent specified in the Put Option Notice for the account of the Issuer, in each case within the period (the **"Put Period"**) of 45 calendar days after the Put Event Notice is given together with a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the specified office of any Paying Agent (a **"Put Option Notice"**) and in which the holder may specify a bank account to which payment is to be made under this Condition 6(k).

The Issuer shall redeem or, at the option of the Issuer, procure the purchase of, the Notes in respect of which the Put Option has been validly exercised as provided above, and subject to the transfer or deposit of such Notes as described above on the date which is the fifth Business Day (as defined in Condition 5(a)) following the end of the Put Period (the **"Optional Settlement Date"**). Payment in respect of any Note so transferred or deposited will be made to each relevant holder in accordance with Condition 7 on the Optional Settlement Date.

- (1) **Squeeze Out Option:** If 80 per cent. or more of the original aggregate principal amount of the Notes of any Series have been redeemed or repurchased by the Issuer, the Issuer may, on not less than 30 nor more than 60 calendar days' irrevocable notice to the Noteholders in accordance with Condition 14 at any time prior to the Maturity Date, redeem on a date to be specified in such notice (the **"Squeeze Out Redemption Date"**), at its option, all (but not some only) of the remaining Notes of that Series at their principal amount, together with interest accrued to but excluding the Squeeze Out Redemption Date, and where applicable, any Arrears of Interest (the **"Squeeze Out Option"**).

7 Payments and Talons

- (a) **Dematerialised Notes:** Payments of principal and interest (including, for the avoidance of doubt, any Arrears of Interest, where applicable) in respect of Dematerialised Notes shall (in the case of

Dematerialised Notes in bearer dematerialised form or administered registered form) be made by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the Noteholders and, (in the case of Dematerialised Notes in fully registered form), to an account denominated in the relevant currency with a Bank (as defined below) designated by the Noteholders. All payments validly made to such Account Holders will be an effective discharge of the Issuer in respect of such payments.

- (b) **Materialised Bearer Notes:** Payments of principal and interest (including, for the avoidance of doubt, any Arrears of Interest, where applicable) in respect of Materialised Bearer Notes shall, subject as mentioned below, be made against presentation and surrender during usual business hours of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note), Materialised Bearer Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(f)(vi)) or Coupons (in the case of interest, save as specified in Condition 7(f)(vi)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the Noteholder, by transfer to an account denominated in such currency with, a Bank.

"**Bank**" means a bank in the principal financial centre for such currency or, in the case of Euro, in a city in which banks have access to the TARGET 2 System.

- (c) **Payments in the United States:** Notwithstanding the foregoing, if any Materialised Bearer Notes are denominated in U.S. Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.
- (d) **Payments Subject to Fiscal Laws:** All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment but without prejudice to the provisions of Condition 8. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.
- (e) **Appointment of Agents:** The Fiscal Agent, the Paying Agents, the Calculation Agent, the Redenomination Agent and the Consolidation Agent initially appointed by the Issuer and their respective specified offices are listed below. The Fiscal Agent, the Paying Agents, the Redenomination Agent, the Consolidation Agent and the Registration Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent experts(s) and, in each such case, do not assume any obligation or relationship of agency for any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Redenomination Agent, the Consolidation Agent and the Registration Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (iv) Paying Agents having specified offices in at least two major European cities, including in the case of Notes admitted to trading on a Regulated Market and so long as the rules of, or applicable to, the relevant Regulated Market so require, in such other city where the Notes are admitted to trading (including Paris so long as the Notes are listed and admitted to trading on Euronext Paris) (v) in the case of Dematerialised Notes, in fully registered form, a Registration Agent and (vi) such other agents as may be required by any other Regulated Market on which the Notes may be admitted to trading.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Bearer Notes denominated in U.S. Dollars in the circumstances described in paragraph (c) above.

On a redenomination of the Notes of any Series pursuant to Condition 1(d) with a view to consolidating such Notes with one or more other Series of Notes, in accordance with Condition 13, the Issuer shall ensure that the same entity shall be appointed as both Redenomination Agent and

Consolidation Agent in respect of both such Notes and such other Series of Notes to be so consolidated with such Notes.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 14.

(f) **Unmatured Coupons and Receipts and unexchanged Talons:**

- (i) Unless Materialised Bearer Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Materialised Bearer Notes should be surrendered for payment together with all unmaturing Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unmaturing Coupon (together, where applicable, with the amount of any Arrears of Interest corresponding to such Coupon) (or, in the case of payment not being made in full, that proportion of the amount of such missing unmaturing Coupon (together, where applicable, with the amount of any Arrears of Interest corresponding to such Coupon) that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Amortised Nominal Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 10).
 - (ii) If Materialised Bearer Notes so provide, upon the due date for redemption of any such Materialised Bearer Note, unmaturing Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
 - (iii) Upon the due date for redemption of any Materialised Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
 - (iv) Upon the due date for redemption of any Materialised Bearer Note that is redeemable in instalments, all Receipts relating to such Materialised Bearer Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.
 - (v) Where any Materialised Bearer Note that provides that the relative unmaturing Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmaturing Coupons, and where any Materialised Bearer Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
 - (vi) If the due date for redemption of any Materialised Bearer Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, (including, for the avoidance of doubt, any Arrears of Interest if applicable) shall only be payable against presentation (and surrender if appropriate) of the relevant Definitive Materialised Bearer Note. Interest accrued on a Materialised Bearer Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Materialised Bearer Notes.
- (g) **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 10).
- (h) **Non-Business Days:** If any date for payment in respect of any Note, Receipt or Coupon is not a business day, the Noteholder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, "**business day**" means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, in

such jurisdictions as shall be specified as "**Financial Centres**" in the relevant Final Terms and (B) (i) (in the case of a payment in a currency other than Euro), where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) (in the case of a payment in Euro), which is a TARGET 2 Business Day.

8 Taxation

(a) Withholding Tax

All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

(b) Additional Amounts

If French law should require that payments of principal or interest (including, for the avoidance of doubt, any Arrears of Interest) in respect of any Note, Receipt or Coupon be subject to deduction or withholding in respect of any present or future French taxes or duties whatsoever, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders or, if applicable, the Receiptholders and the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon, as the case may be:

(i) *Other connection:*

to, or to a third party on behalf of, a Noteholder or, if applicable, a Receiptholder or a Couponholder, as the case may be, who is liable to such taxes, duties, assessments or governmental charges in respect of such Note, Receipt or Coupon by reason of his having some connection with the Republic of France other than the mere holding of the Note, Receipt or Coupon; or

(ii) *Presentation more than 30 calendar days after the Relevant Date in the case of Materialised Notes:*

in the case of Materialised Notes, more than 30 calendar days after the Relevant Date except to the extent that the Noteholder or, if applicable, a Receiptholder or a Couponholder, as the case may be, would have been entitled to such additional amounts on presenting it for payment on the thirtieth such day.

As used in these Conditions, "**Relevant Date**" in respect of any Note, Receipt or Coupon means the date on which payment in respect of it first becomes due (and, for the avoidance of doubt, in the case of Arrears of Interest, references to becomes due shall be interpreted in accordance with the provisions of Condition 5(h)) or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or, in the case of Materialised Notes (if earlier) the date seven calendar days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note, Receipt or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation.

References in these Conditions to (i) "**principal**" shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Nominal Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 or any amendment or supplement to it, (ii) "**interest**" shall be deemed to include all Interest Amounts and all other amounts (including, for the avoidance of doubt, all Arrears of Interest) payable pursuant to Condition 5 or any amendment or supplement to it and (iii) "**principal**" and/or "**interest**" shall be deemed to include any additional amounts that may be payable under this Condition.

 - (iii) any other present or future indebtedness of the Issuer or of its Principal Subsidiaries (as defined in Condition 4) for borrowed money in excess of Euro 100,000,000 (or its equivalent in any other currency) shall become due and payable prior to its stated maturity as a result of a default thereunder, or any such indebtedness shall not be paid when due after, as the case may be, the expiration of any applicable grace period, unless the Issuer or any such Principal Subsidiary is contesting in good faith and by appropriate proceedings before a competent court that such indebtedness was due and payable, or unless such default by a Principal Subsidiary under such indebtedness for borrowed money arises as a result of a Loss of Concession (as defined below); or
 - (iv) if the Issuer or any of its Principal Subsidiaries (as defined in Condition 4) makes any proposal for a general moratorium in relation to its debt; or a judgement is issued for the judicial liquidation (*liquidation judiciaire*) or for the transfer of the whole business (*cession totale de l'entreprise à la suite d'un plan de cession*) of the Issuer or of the relevant Principal Subsidiary; or to the extent permitted by applicable law, the Issuer or any of its Principal Subsidiaries is subject to any other insolvency or bankruptcy proceedings; or the Issuer or any of its Principal Subsidiaries makes any conveyance, assignment or other arrangement for the benefit of, or enters into a composition with, its creditors; or the Issuer ceases to carry on all or a substantial part of its business or operations or is dissolved except (i) any operation falling within the definition of Permitted Reorganisation (as defined below) or (ii) in the event of a Loss of Concession or (iii) with the prior approval of the Masse, for the purposes of, or in connection with, an amalgamation, reorganisation, consolidation or merger (other than a Permitted Reorganisation) which is implemented.

The occurrence of any Event of Default must be notified to the Noteholders by a publication in accordance with the provisions of Condition 14.

"Concession Agreements" means each of the concession agreements entered into between the French State or any foreign State and the Issuer or any of its subsidiaries (held directly or indirectly) (the "**Concession Holder**") in relation to the concessions for the operation of certain motorways, airports, bridges, or any other type of infrastructure.

"Loss of Concession" means any or all of the Concession Agreements being terminated, revoked, suspended, cancelled, amended or invalidated or the relevant concession being bought back, where in each case the relevant Concession Holder receives monetary compensation.

 - (b) benefits from a senior long term debt rating from either Standard & Poor's Credit Market Services Europe Limited or Moody's Investors Service Ltd. or their respective successors or affiliates and/ or any other rating agency of equivalent international standing specified from time to time by the Issuer which is equal to or higher than the senior long term debt rating of the Notes immediately prior to the Reorganisation.
- (b) **Subordinated Notes:** In the case of Subordinated Notes and in accordance with Condition 3(b), if any judgment shall be issued for the transfer of the whole of its business (*cession totale de l'entreprise*) or the judicial liquidation (*liquidation judiciaire*) of the Issuer, or if the Issuer is liquidated for any other reason, then the Subordinated Notes shall become immediately due and payable, in accordance with Condition 3(b), at their principal amount together with any accrued interest to the date of payment and where applicable, any Arrears of Interest, without further formality.

Claims against the Issuer for payment in respect of the Notes, Receipts and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within ten (10) years (in the case of principal) or five (5) years (in the case of interest) from the appropriate Relevant Date in respect of them.

11 Representation of Noteholders

In respect of the representation of Noteholders, the following shall apply:

- (a) If the relevant Final Terms specify "Full Masse", the Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a masse (the "**Masse**") and the provisions of the French *Code de commerce* relating to the Masse shall apply in accordance with the provisions of this Condition 11(a) below.

The names and addresses of the initial representative (the "**Representative**") of the Masse and its alternate will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the representative of the single Masse of all Tranches in such Series.

The Representative will be entitled to such remuneration, if any, in connection with its functions or duties as set out in the relevant Final Terms.

In the event of death, retirement, dissolution or revocation of appointment of the Representative, such Representative will be replaced by the alternate Representative or another Representative. In the event of the death, retirement, dissolution or revocation of appointment of the alternate Representative, an alternate will be elected by the general meeting of the Noteholders (the "**General Meeting**").

In accordance with Article R. 228-71 of the French *Code de commerce*, the right of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Noteholder as of midnight, Paris time, on the second business day in Paris preceding the date set for the meeting of the relevant General Meeting.

The place where a General Meeting shall be held will be set out in the notice convening such General Meeting; or

The Masse will be governed by the provisions of the French *Code de commerce* with the exception of

(i) **Legal Personality**

The Masse will be a separate legal entity and will act in part through the Representative and in part through the General Meeting.

The Masse alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Notes.

(ii) **Representative**

The office of Representative may be conferred on a person of any nationality who agrees to perform such function. However, the following persons may not be chosen as Representatives:

- the Issuer, the members of its Board of Directors (*Conseil d'administration*), or, as the case may be, the members of its Executive Board (*Directoire*) and its Supervisory Board (*Conseil de surveillance*), and its general managers (*directeurs généraux*), its statutory auditors, or its employees as well as their respective ascendants, descendants and spouse; or

The Representative will be entitled to such remuneration, if any, in connection with its functions or duties as set out in the relevant Final Terms.

In the event of death, retirement, dissolution or revocation of appointment of the Representative, such Representative will be replaced by the alternate Representative or another Representative. In the event of the death, retirement, dissolution or revocation of appointment of the alternate Representative, an alternate Representative will be elected by the General Meeting.

All interested parties will at all times have the right to obtain the names and addresses of the initial Representative and the alternate Representative at the head office of the Issuer and the specified offices of any of the Paying Agents.

(iii) **Powers of Representative**

The Representative shall (in the absence of any decision to the contrary of the General Meeting) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

The Representative may not interfere in the management of the affairs of the Issuer.

(iv) **General Meeting**

A General Meeting may be held at any time, on convocation either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth of the principal amount of the Notes outstanding, may address to the Issuer and the Representative a demand for convocation of the General Meeting. If such General Meeting has not been convened within two months after such demand, the Noteholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, time, place and agenda of any General Meeting will be published as provided under Condition 14.

Each Noteholder has the right to participate in a General Meeting in person, by proxy correspondence, or, if the *statuts* of the Issuer so specify⁴, videoconference or any other means of telecommunication allowing the identification of the participating Noteholders. Each Note carries the right to one vote or, in the case of Notes issued with more than one Specified Denomination, one vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Note.

(v) **Powers of the General Meetings**

The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and the alternate Representative and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes, including authorising the Representative to act at law as plaintiff or defendant.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase the liabilities (*charges*) of Noteholders, nor establish any unequal treatment between the Noteholders, nor decide to convert Notes into shares.

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least a fifth of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-third majority of votes cast by the Noteholders attending such General Meetings or represented thereat.

In accordance with Article R. 228-71 of the French *Code de commerce*, the right of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Noteholder as of midnight, Paris time, on the second business day in Paris preceding the date set for the meeting of the relevant General Meeting.

Decisions of General Meetings must be published in accordance with the provisions set forth in Condition 14.

(vi) **Information to Noteholders**

Each Noteholder or Representative thereof will have the right, during the 15 calendar day period preceding the holding of the General Meeting on first convocation and, during the 10 calendar day period preceding the holding of the General Meeting on second convocation, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer, at the specified offices of any of the Paying Agents during normal business hours and at any other place specified in the notice of the General Meeting.

⁴ At the date of this Base Prospectus the *statuts* of the Issuer do not contemplate the right for a Noteholder to participate in a General Meeting by videoconference or any other means of telecommunication allowing the identification of the participating Noteholders.

(vii) **Expenses**

The Issuer will pay all expenses relating to the operation of the Masse, including expenses relating to the calling and holding of General Meetings, expenses of the Representative of the Masse in the performance of its duties and, more generally, all administrative expenses resolved upon by the General Meeting, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

(viii) **Single Masse**

The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated with the Notes of such first mentioned Series in accordance with Condition 13, shall, for the defence of their respective common interests, be grouped in a single Masse. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all such Series.

- (c) Whether the relevant Final Terms specify "*Full Masse*" or "*Contractual Masse*", if and for so long as the Notes of any Series are held by a sole Noteholder, such sole Noteholder shall exercise all the powers, rights and obligations entrusted with the Representative and the General Meeting by the provisions of Condition 11(a) or 11(b) above, as appropriate. Such sole Noteholder shall hold a register of the decisions it will have taken in this capacity and shall make them available, upon request, to any subsequent holder of all or part of the Notes of such Series. For the avoidance of doubt, in this case, the Representative and the General Meeting shall not exercise such powers, rights and obligations until the Notes of any such Series are held by more than one Noteholder.

For the avoidance of doubt, in this Condition 11, the term "outstanding" (as defined in Condition 4) shall not include those Notes subscribed or purchased by the Issuer and which are held by it and not cancelled in accordance with applicable laws and regulations as referred to in Condition 6(h).

12 Replacement of Definitive Notes, Receipts, Coupons and Talons

If, in the case of any Materialised Bearer Notes, a Definitive Materialised Bearer Note, Receipt Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and Regulated Market regulations, at the specified office of the Fiscal Agent or such other Paying Agent as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, inter alia, that if the allegedly lost, stolen or destroyed Definitive Materialised Bearer Note, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Definitive Materialised Bearer Notes, Receipts, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Materialised Bearer Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

13 Further Issues and Consolidation

- (a) **Further Issues:** The Issuer may from time to time without the consent of the Noteholders, Receiptholders or Couponholders create and issue further notes to be consolidated (*assimilables* for the purpose of French Law) and form a single series with the Notes provided such Notes and the further notes carry rights identical in all respects (or in all respects save for the principal amount thereof and the first payment of interest in the relevant Final Terms) and that the terms of such further notes provide for such assimilation and references in these Conditions to "**Notes**" shall be construed accordingly.
- (b) **Consolidation:** The Issuer may, with the prior approval (which shall not be unreasonably withheld) of the Redenomination and Consolidation Agent, from time to time on any Interest Payment Date occurring on or after the Redenomination Date on giving not less than 30 calendar days' prior notice to the Noteholders in accordance with Condition 14, without the consent of the Noteholders, Receiptholders or Couponholders, consolidate the Notes of one Series with the Notes of one or more other Series issued by it, whether or not originally issued in one of the European national currencies or in Euro, provided such other Notes have been redenominated in Euro (if not originally

denominated in Euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

DESCRIPTION OF THE ISSUER

History of VINCI

VINCI ("**VINCI**" or the "**Group**"), originally named Société Générale d'Entreprise ("**SGE**"), was created in 1908. SGE experienced strong growth in the years preceding World War I. It contributed to France's defense efforts during the war and to the country's reconstruction afterwards. In the 1920s and 1930s, SGE's main area of growth was electrical power, but the nationalization of SGE's electrical power assets in 1946 forced it to redeploy into building and civil engineering. In the post-war decades, SGE became the leader in France in civil engineering.

In 1966, SGE became part of Compagnie Générale d'Electricité (renamed Alcatel-Lucent before being now merged with Nokia). In 1970, it developed motorway concessions and, along with GTM, a French construction company, was one of the founders of Cofiroute, which was set up to finance, build and operate the A10 (Paris-Poitiers) and A11 (Paris-Le Mans) motorways.

In 1984, the then French state-owned Compagnie de Saint-Gobain became SGE's majority shareholder and launched a wide-ranging restructuring process as part of which SGE became a holding company, whose main subsidiary Sogea resulted from the merger of SGE-BTP and Saint-Gobain's construction business and focused on construction.

In 1988, after it was privatized, Saint-Gobain sold its controlling interest in SGE to Compagnie Générale des Eaux.

During the period from 1996 to 1999, SGE reorganized its activities around four core businesses: concessions, energy, roads and construction. Over the same period, the SGE group pursued a policy of external growth, focusing on recurring and value added businesses: in 1999, the SGE group thus launched a successful friendly takeover bid on Sogeparc, the then French market leader in car park concessions.

In 2000, Compagnie Générale des Eaux (by then renamed Vivendi) sold most of its shares in SGE to institutional investors. SGE changed its name to VINCI and launched a friendly takeover bid on GTM and the subsequent merger of VINCI and GTM in December 2000 gave rise to the world's leader in concessions, construction and related services.

In 2001, Vivendi Universal (now named Vivendi) and Suez (now named Engie), GTM's former majority shareholder, both withdrew from VINCI's capital. Sogeparc and Parcs GTM were merged to form VINCI Park, the largest car park operator in Europe.

In 2002, VINCI entered the CAC 40 index on the Paris Stock Exchange and acquired 17 percent of the French motorway operator Autoroutes du Sud de la France (ASF) when the French government decided to sell 49 percent of ASF's shares to the public.

In 2003 and 2004, VINCI raised its stake in ASF to 23 percent and in 2005, VINCI acquired the State's and Autoroutes de France's stake in ASF's capital. Thereafter, VINCI successfully launched a standing market offer, thereby increasing its stake to more than 95 percent of ASF. The acquisition of ASF was completed on 6th November 2006 with the squeeze out of ASF's remaining shareholders allowing VINCI to hold 100 percent of ASF.

In 2014, VINCI Concessions purchased a 17% stake in Cofiroute, which is now a wholly owned Group subsidiary, and sold 75% of VINCI Park's capital before disposing its residual stake of 25% in this company, named Indigo in 2016.

The Group built up its Contracting business through several structurally important operations across construction (Soletanche Bachy, Entrepouse Contracting, Taylor Woodrow), road and rail works (ETF, Tarmac, Carmacks) and energy (Etavis, Cegelec, GA Gruppe). In more recent years, the Group has focused on ensuring the development of Vinci Energies' activities. Revenues were boosted by the major acquisition of Imtech ICT at the end of 2014 and that of Orteng in Brazil in 2015 and cloud builder APX Integration in October 2015. In 2015, the Group completed also another significant transaction with the acquisition of HEB in New Zealand by Vinci Construction.

Vinci decided at the end of the 2000's to accelerate its growth and create a benchmark player in airport concessions. After winning some 10 public service contracts to operate airports in France, the acquisition of ANA and its 10 airports in Portugal in 2013 marked a step change in this strategy. In 2015, Vinci accelerated the development of its airport business when, in partnership with Japanese Group Orix, it became the operator of the two Kansai region airports in Osaka for 44 years. These airports handled 40 million passengers in 2016, comparable with all the airports in Portugal. Vinci Airports also won the contract for Santiago International airport in Chile, the sixth largest airport in South America. In 2016, Vinci Airports acquired Dominican company Aerodom, which will operate six airports in the Dominican Republic until 2030, and a 60% stake in ADL (Aéroports de Lyon) previously owned by the French State. Lastly, in March 2017, VINCI Airports was awarded the concession for Salvador's airport, in Brazil, for a 30-year term.

Business Purpose of VINCI

VINCI's corporate purposes (as more fully set out in Article 2 of the Articles of Association) are:

- the undertaking of any public and private works, in any form, and in particular a specialist in all kinds of underground work, foundations, hydraulics and reinforced cement and;
- more generally, undertaking all industrial, commercial and financial operations and operations relating to movables and immovable that are directly or indirectly connected with the purposes specified above.

Business overview

The Group's activities are structured along two main business lines, Concessions and Contracting.

VINCI's business model is built on the strategic fit between its Concessions and Contracting businesses (i.e. construction, roads and energy):

- operating cycles are long in Concessions and short to medium term in Contracting;
- from a financial point of view, Concessions are capital intensive and generate recurring revenue, whereas Contracting requires relatively little capital and is structurally cash positive;
- expertise is different in each business and relies on program organization and financing, project management during construction and operation in Concessions, and capacity to design, build and maintain complex structures in Contracting.

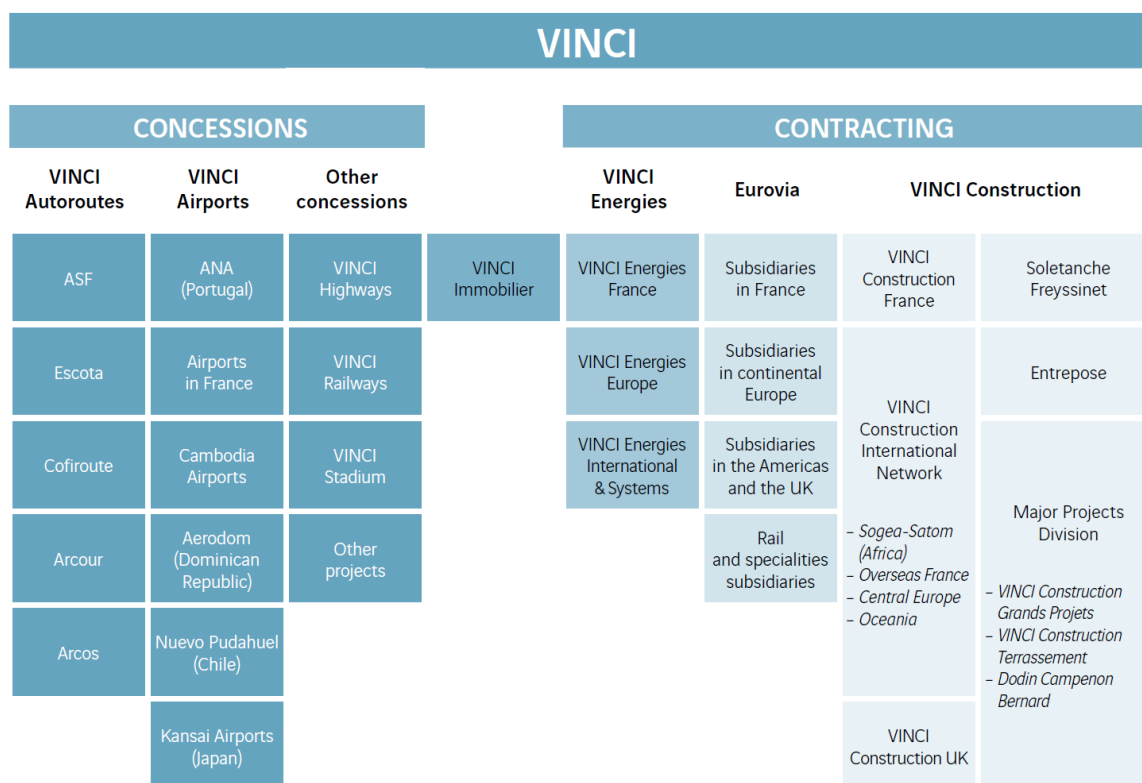

This model has powered VINCI's growth since its inception, underpinning its strong expansion in times of economic growth and providing resilience in a cyclical downturn.

VINCI's strategy is based on the joint development of its two core businesses, Concessions and Contracting which are complementary in terms of their operating cycles, capital intensity and know-how. In order to complete this strategy as a way to deliver growing revenues, expanding margins and value creation, VINCI intends in particular to focus on:

- taking a robust, high-potential model to the next level;
- expanding the current international development momentum;
- maintaining a sharp upward trend in motorway and airport infrastructure;
- staying primary focus on growth in energy and specialist niche activities;
- implementing innovation policy and tracking down new opportunities to create value.

The Group is employing about 183,400 people in some 100 countries. In 2016, its turnover was € 38,073 million and its operating profit from ordinary activities was € 4,174 million corresponding to 11.0% of its turnover.

Organisational structure

(*) Simplified organisation chart of the Group at 31 December 2016.

Concessions

The Concessions business of VINCI is composed of five sectors: motorways, airports, rail sector, stadiums and other public amenities.

Some 10 years ago, VINCI undertook to significantly increase the proportion its overall business accounted for by concessions. The pivotal step in this was the acquisition of the ASF and Escota networks when they were privatized in 2006. At this stage, the Cofiroute network was already owned by the Group. In parallel, VINCI developed its network of motorways and road infrastructure outside France by winning new concessions in Germany, Russia, the United States, Canada and then in 2016, in Columbia and Peru.

Since the end of 2000s, Vinci has been rolling out the same ambitious strategy in the airport sector, driven by the continuous growth of passenger numbers worldwide. With over 132 million passengers a year, Vinci now operates a network of 35 airports including, since 2016, the Kansai and Osaka airports in Japan, six airports in the Dominican Republic and two airports in Lyon, France.

Vinci will also look for ad hoc opportunities in others sectors such as rail and major public infrastructure. The Group will combine taking over existing companies or contracts (Brownfield projects) with winning new projects (Greenfield). Following on from recent operations, the flow of new contracts is expected to replenish the Group's concession portfolio while extending its overall maturity. The extension of contracts under way is part of this same goal. For instance, the motorway stimulus plan, which started rolling out in 2016, extends the maturity of Vinci Autoroutes' motorway concessions in France by an average of three years, in exchange for an investment of nearly €2billion in the widening and environmental upgrade of several sections along its networks.

In 2016, the Concession businesses represented a turnover of €6,298 million and an operating profit from ordinary activities of € 2,953 million corresponding to 46.9% of its turnover.

Motorways

- **VINCI Autoroutes** holds the concessions for 4,422 km of motorways in France – the longest motorway network under concession in Europe (source: Association Européenne des Concessionnaires d'Autoroutes et d'Ouvrages à Péage (ASECAP)) – that are operated by 5 companies: ASF, Cofiroute, Escota, Arcour and Arcos. VINCI Autoroutes has invested €9.5 billion in the construction and improvement of its network since 2006. Over 2 million customers use the VINCI Autoroutes network every day. Working as a long-term partner of the French government as concession grantor to make its regional development policies a reality, Vinci Autoroutes is investing nearly €2 billion in the motorway stimulus plan launched in 2015. In addition, from 2017, it will be implementing a €432 million motorway investment programme in partnership with the relevant local authorities. These investments will primarily go into improving mobility in urban and suburban areas.
- With operations in 13 countries, **VINCI Highways** is financing, building and operating, in conjunction with local partners, 26 road infrastructure assets around the world. In total, the portfolio comprises more than 1,800 km of motorways, bridges and tunnels, together with almost 1,300 km of urban roads. In 2016, VINCI Highways expanded its international network to include two new concessions, one in Peru, and the other in Colombia, and strengthened the Group's expertise in electronic toll collection (ETC) systems by acquiring a stake in the US-based company TollPlus.

Airports

- **VINCI Airports** draws on its expertise as a full-service provider to develop, finance, build and operate airports across the world. It offers local authorities and regions the benefits of its investment capacity, international network and know-how to optimise the management of existing airports and execute airport extension or new-build projects. The Vinci Airports network spans 35 airports in six countries (Japan, Portugal, Cambodia, Dominican Republic, Chile and France), serving over 132 million passengers in 2016.

Rail sector

- **VINCI Railways** is managing the construction of the South Europe Atlantic high-speed rail line in France, the biggest infrastructure concession project in France in recent years. The line will open to traffic in July 2017. Also in France, Vinci Railways operates part of the national rail network GSM-Rail communication system, as well as the Rhônexpress light rail system in Lyon.

Stadiums

- In France, **VINCI Stadium** operates the stadiums built by the Vinci Group: the Stade de France in Saint Denis, near Paris, the Matmut Atlantique in Bordeaux, the Allianz Riviera in Nice and the MMArena in Le Mans. The first three of these hosted 16 UEFA Euro 2016 soccer matches. In the UK, VINCI Stadium has been operating the Queen Elizabeth Olympic Park stadium in London since 2015.

Contracting

The Contracting business of VINCI is divided into three divisions: VINCI Energies, Eurovia and VINCI Construction.

The priority for growth in the Contracting business is the VINCI Energies business line, which has already more than doubled its revenue over the past seven years. Further development will be fuelled both by organic growth and by acquisitions, as the sector presents numerous opportunities due to its low degree of consolidation. Vinci Energies' business activities benefit from particularly buoyant long-term trends. The energy transition is expected to generate considerable investment in the reconfiguration of energy networks and the improvement of buildings' energy efficiency. At the same time, the digital revolution is opening up new opportunities in all Vinci Energies' areas of activity, either directly for its information and communication technology division (Axians), or indirectly by enabling it to broaden solutions developed by other entities of the business line in energy and transport infrastructure, industrial processes and service – sector buildings.

Eurovia, meanwhile, will enhance its network in its most buoyant geographical areas, as well as in rail works.

Vinci Construction will focus on its technically advanced activities with worldwide reach such as geotechnical engineering, complex structures, nuclear engineering and energy infrastructure (pipelines).

In 2016, the Contracting business of VINCI represented a turnover of €31,466 million and an operating profit from ordinary activities of € 1,153 million corresponding to 3.7% of the turnover.

VINCI Energies

VINCI Energies helps public authorities and business clients boost the reliability, safety and efficiency of their energy, transport and communication infrastructure, industrial facilities and buildings. In a world undergoing constant change, Vinci Energies is fast-tracking new technology into the market to support two major shifts: the digital transformation and the energy transition.

Vinci Energies supports its customers by offering increasingly innovative solutions and services ranging from design to implementation, operation and maintenance. With their strong regional roots and agile organisational structure, Vinci Energies' brands and 1,600 business units bring together about 64,000 professionals in 45 countries, including 24 countries outside Europe, to deliver both local service and global solutions.

In 2016, VINCI Energies represented a turnover of €10,200 million and an operating profit from ordinary activities of €581 million corresponding to 5.7% of the turnover.

Eurovia

Eurovia serves local authorities by developing mobility solutions that cover design, construction and maintenance of transport infrastructure and urban development projects. Eurovia continues to nurture its roots in its longstanding domestic market but now generates 43% of its revenue outside France, primarily in Europe and the Americas.

- **Transport infrastructure and urban development:** Eurovia is a European market leader in transport infrastructure and urban development. It builds and refurbishes roads, motorways, railways, urban transport lines and hard surfaces for airports and industrial and commercial facilities. It also delivers related works, including demolition, deconstruction, drainage, earthworks, utility networks and urban amenity projects.
- **Quarries:** Eurovia is a European market leader in aggregates. It extracts, processes and markets both natural and recycled materials, and operates a network of more than 350 quarries producing 82 million tonnes of aggregates per year (of which Eurovia's share is 57 million) and 150 recovery and recycling facilities. Eurovia's share of reserves (controlled through ownership or royalty agreement) amounts to more than 3.1 billion tonnes, or more than 50 years of output.
- **Industrial production:** Eurovia operates 330 coating plants supplying 20 million tonnes of asphalt mix annually as well as 50 asphalt binder plants. In addition, Eurovia produces road signage and road marking products (signs, gantries and paint).
- **Services:** Eurovia manages and maintains 70,000 km of roads and railway networks under long-term contracts. It also services road signs, markings and safety systems and maintains related facilities such as road equipment, green spaces and vegetation. Eurovia invests heavily in research and development to improve the technical features of its products and processes, develop innovative functionalities and protect the environment, with a focus on recycling materials and reducing CO₂ emissions.

In 2016, Eurovia represented a turnover of €7,585 million and an operating profit from ordinary activities of €243 million corresponding to 3.2% of the turnover.

VINCI Construction

VINCI Construction is France's leading construction company and a global operator with 700 consolidated companies and 67,000 employees in about 100 countries. It operates in 8 sectors: buildings, facilities,

transport infrastructure, renewable and nuclear energy, environmental engineering, oil and gas, and mining. Vinci Construction's three components dovetail to provide long-term support for customers on projects spanning a wide spectrum of technical features, scales and geographies:

- **Network of local subsidiaries:**
 - in metropolitan France: VINCI Construction France, comprising 393 local bases with strong regional roots;
 - in other parts of the world: VINCI Construction UK and VINCI Construction International Network, comprising the subsidiaries VINCI Construction Dom-Tom in overseas France; Warbud, Průmstav, SMP and SMS in Central Europe; Sogea-Satom in 21 African countries; and HEB Construction in New Zealand.
- **Major Projects Division**, which supports complex and large-scale projects in France and abroad, encompassing VINCI Construction Grands Projets, VINCI Construction Terrassement and Dodin Campenon Bernard.
- **Specialist activities**, provided by subsidiaries in geotechnical engineering (Soletanche Bachy and Menard); structures (Freyssinet and Terre Armée); nuclear (Nuvia); digital services for construction (Sixense); and oil and gas, renewable thermal energy and energy from waste (Entrepose including VINCI Environnement).

In 2016, VINCI Construction represented a turnover of €13,681 million and an operating profit from ordinary activities of €330 million corresponding to 2.4% of the turnover.

Vinci is tackling the digital revolution –which impacts all its business activities- with the two time horizons. Firstly, all its business lines have started implementing an open innovation policy, working with partners from within their own ecosystem, in order to integrate new digital resources into their production methods, services and products as quickly as possible. Building information modelling (BIM) is being used more and more on construction sites and is being extended to building operation. Investment fund Inerbiz, created by Vinci Energies, supports startups whose innovations will enhance its products and services in the areas of smart grids, connected urban equipment and industrial augmented reality. Eurovia is developing new predictive maintenance systems by integrating networks of sensors in road and rail infrastructure. Vinci Autoroutes, Vinci Airports and Vinci Stadium are developing smartphone applications that facilitate mobility and enhance the experience of users of their infrastructure.

Secondly, Vinci has initiated a forward-looking approach to explore how its business activities may evolve over the longer term by imagining, for example, the impact of driverless vehicles, the Internet of Things and Big Data on methods for the construction, management and future usage of transport infrastructure and buildings. In 2016, Vinci devoted its annual management convention to consideration of the long-term future. The approach will be accelerated in 2017 with the creation of a foresight unit operating in its own business space.

With its business activities at the crossroads between tomorrow's issues of mobility, urban development and the energy transition, Vinci intends to open up new sources of value creation by harnessing its exceptional range of expertise and its capacity to build that into comprehensive solutions commensurate with those issues.

Credit Rating

VINCI is currently rated A- / A-2 with a stable outlook by S&P and A3/ P-1 with a stable outlook by Moody's.

Renewal of the authorisation of the Board of Directors in view of the purchase by the Company of its own shares

The Shareholders' General Meeting, having taken note of (a) the Report of the Board of Directors and (b) the description of the new 2017-2018 share buy-back programme, in accordance with the provisions of Article L.225-209 of the French Commercial Code as well as European regulation 596/2014 of 16 April 2014 on

market abuse, authorises the Board of Directors, with the ability to sub-delegate such powers, within the limits provided for by law and regulations, on one or more occasions, on the stock market or otherwise, including by blocks of shares or through the use of options or derivatives, to purchase the Company's shares for the conduct of the following:

1. transfer or exchange of shares upon the exercise of the rights attached to securities giving access to the Company's share capital;
2. retention and future delivery for payment or exchange purposes in connection with transactions involving external growth;
3. disposal or transfer of Company shares to eligible employees and/or company officers of VINCI Group companies in the context of savings plans or any share ownership plan governed by French or foreign law, share and/or share purchase option allocation plans, including disposal to any approved service provider appointed for the design, implementation and management of any employee savings UCITS or similar structure on behalf of the VINCI Group, and pledge of shares as guarantee under employee savings plans;
4. ensuring market liquidity within the framework of a liquidity agreement that complies with a code of ethics recognised by the Autorité des Marchés Financiers and entrusted to an investment service provider acting independently;
5. cancellation, as part of the Company's financial policy, of the shares thus purchased, subject to the adoption of the twelfth resolution hereunder;
6. implementation of any market practice, any objective or any transaction that may be accepted by laws or regulations or in force or by the Autorité des Marchés Financiers in respect of share buy-back programmes.

The maximum purchase price per share is set at €90. The maximum number of shares purchased by virtue of this authorisation shall not exceed 10% of the share capital. This limit is calculated at the time of the purchases and the maximum amount of shares thus purchased shall not exceed €2 billion.

The share purchase price shall be adjusted by the Board of Directors in the event of transactions involving the Company's capital in compliance with the conditions provided for by the applicable regulations. In particular, in the event of a capital increase through the capitalisation of reserves and the allotment of performance shares, the price specified above shall be adjusted by a multiplier equal to the ratio of the number of shares making up the share capital before the transaction to the number of shares after the transaction.

The acquisition, disposal, transfer, allotment or exchange of these shares may be carried out by any means that are authorised or that may become authorised by regulations in force, either on-market or off-market, including block transactions or through the use of derivatives, in particular through share purchase options in accordance with the regulations in force. There is no restriction on the proportion of the share buy-back programme that may be carried out through block transactions.

These transactions may be carried out at any time in compliance with the current regulations, except during a public offer period.

The Shareholders' General Meeting grants full powers to the Board of Directors, including the ability to delegate such powers, so that, in compliance with the applicable legal and regulatory provisions, including

those on stock exchange disclosure requirements, it may proceed with the authorised reallocations of the shares purchased in view of one of the programme's objectives to one or more of its other objectives, or sell them on-market or off-market, it being specified that these reallocations and disposals may concern shares purchased pursuant to previously authorised share buy-back programmes.

The Shareholders' General Meeting grants full powers to the Board of Directors, including the ability to delegate such powers, for the purpose of placing stock market orders, signing any deed of purchase, sale or transfer, entering into any agreement, carrying out any necessary adjustments, making all declarations and completing all formalities.

This authorisation is granted for a period of eighteen months from the date of this Shareholders' General Meeting. It renders ineffective and replaces the authorisation granted by the Shareholders' General Meeting on 19 April 2016 in its sixth resolution.

Twelfth resolution

Renewal of the authorisation granted to the Board of Directors in view of the reduction of the share capital through cancellation of VINCI shares held in treasury

The Shareholders' General Meeting, voting under the quorum and majority conditions required for Extraordinary General Shareholders' Meetings, having considered the Report of the Board of Directors and the Special Report of the Statutory Auditors, in accordance with the provisions of Article L.225-209 of the French Commercial Code, authorises the Board of Directors to cancel, at its sole discretion, on one or more occasions, within the limit of 10% of the number of shares making up the share capital on the date when the Board of Directors takes a decision to cancel and over successive periods of twenty-four months for the determination of this limit, the shares purchased by virtue of the authorisations granted to the Company to purchase its own shares, and to proceed with a reduction in share capital equivalent to that amount.

The Shareholders' General Meeting establishes the validity of this authorisation for a period of twenty-six months from the date of the present meeting and grants full powers to the Board of Directors, including the powers to delegate such powers, to take all decisions necessary for the cancellation of shares and reduction of the share capital, to recognise the difference between the purchase price and the nominal value of the shares in the reserve account of its choice, including the account for "share premiums arising on contributions or mergers", to perform all actions, formalities or declarations to finalise the reductions in capital that may be carried out by virtue of this authorisation, and to amend the Company's Articles of Association accordingly.

This authorisation renders ineffective and replaces the authorisation granted by the Shareholders' General Meeting on 19 April 2016 in its ninth resolution.

IV-Arrangements

1. Maximum proportion of the share capital that may be acquired and maximum amount payable by VINCI

The maximum proportion of the share capital that VINCI may acquire is 10% of the share capital on the date of the Combined Shareholders' General Meeting. However, in the event of a change in the share capital after that date, the authorisation granted by the General Meeting would apply to 10% of the new share capital.

The maximum purchase price per share is set at €90.

The maximum total amount of capital that may be allocated to share purchases by virtue of this programme

amounts to €2 billion. This maximum amount shall apply for all transactions carried out from 20 April 2017 over the duration of the programme: purchases of treasury shares, acquisitions of derivatives on treasury shares, treasury share subscriptions through the exercise of derivatives previously put in place, additional amounts that may be allocated to the liquidity agreement.

The Company reserves the right to use the entire programme.

VINCI shall ensure that it does not directly or indirectly exceed the buy-back ceiling of 10% of the share capital authorised by the Shareholders' General Meeting over the programme's eighteen-month term.

It shall furthermore ensure that it does not own at any time, directly or indirectly, more than 10% of its share capital.

Moreover, the share buy-back programme shall not have any significant impact on VINCI's free float, which amounted to 80.9% of the share capital on 31 December 2016 and 80.7% at 28 February 2017.

The amount of the Company's available reserves, which amounted to €24,999 million at 31 December 2016, is, as required by law, higher than the amount of the share buy-back programme.

2. Share buy-back arrangements

Shares may be purchased fully or partly by any means that are authorised or that may become authorised by regulations in force, either on-market or off-market, including block transactions or through the use of derivatives, including through share purchase options in accordance with regulations in force. The Company shall be careful not to increase the volatility of its share price if it uses derivatives.

These transactions may be carried out at any time in compliance with the current regulations, except during a public offer period.

The proposed authorisation submitted to the General Meeting does not restrict the proportion of the programme that may be carried out through the acquisition of blocks of shares.

3. Duration and timeframe of the share purchase and cancellation programme

Share purchases may be carried out over a period of eighteen months following the date of the General Meeting, i.e. from 20 April 2017 until 19 October 2018.

Pursuant to paragraph 4 of Article L.225-209 of the French Commercial Code, the shares purchased can only be cancelled up to a limit of 10% of the share capital over successive rolling periods of twenty-four months.

4. Use of derivatives

VINCI reserves the right to use derivatives for the implementation of this programme in order to cover, under current regulations, option positions that it has taken separately (such as share subscription or purchase options granted or issued debt securities giving access to the share capital). Information on the use of derivatives on treasury shares is systematically provided to the Board of Directors.

3. Press release published by VINCI on 12 April 2017:

"VINCI Highways completes the financial arrangements for the A7 motorway public-private partnership (A-Modell*) in Germany

- A 30-year public-private partnership agreement with the German federal government
- A €441 million investment to operate a 60 km section and widen a 29.2 km section
- A new project bolstering VINCI's position as Germany's leading motorway concession company

VINCI Concessions subsidiary VINCI Highways recently completed the financial arrangements for the A7 motorway public-private partnership (A-Modell*) covering a 60 km section between the Bockenem and Göttingen interchanges in Germany.

Total financing amounts to €441 million, and encompasses two long-term and two short-term tranches. The European Investment Bank, CaixaBank, Development Bank of Japan (DBJ), DZ Bank and KfW IPEX-Bank underwrote the debt, and the arrangement includes a €126 million grant from the federal government.

This financial arrangement follows the decision by the federal government, represented by the Lower Saxony authorities, to award the contract for the A7 project to a consortium led by VINCI Concessions and also comprising Meridiam Infrastructure, in February 2017. The contract will take effect on 1 May 2017.

This 30-year A-Modell contract covers financing, design, programme management (upgrade and widening works), operation and maintenance of the A7. The works involve entirely replacing a 29.2 km section with a new motorway (three lanes each way) while keeping the existing route open to traffic throughout this phase.

A consortium led by Eurovia, the VINCI subsidiary specialised in transport infrastructure construction and urban development projects, and including Stutz and Rhode, two local companies, will take about three and a half years to complete the works.

This new contract is bolstering VINCI Highways' leadership in Germany's motorway public-private partnership market, which it has built on the back of its technical expertise and outstanding cooperation with the federal government and local authorities. The A7 should meet the world's highest quality and safety standards amid sharp traffic growth.

The A7 is VINCI Highways' fourth public-private partnership contract won in Germany, where the company now operates a 220 km network. VINCI Concessions is also a shareholder in Toll Collect, which installed and now operates the satellite-based toll collection system for heavy goods vehicles covering Germany's motorway network.

The VINCI Group is active in Germany in all of its businesses. In this country, it employs more than 1,300 people and generated €2.7 billion in revenue in 2016.

** The A-Modell is a German contractual framework for financing renovation and widening of existing motorways and construction of new sections under concessions to the private sector. The concession company is paid fees based on infrastructure availability. This mechanism thereby provides incentives for concession companies to optimise renovation, widening and maintenance works, i.e. minimise their impact on traffic."*

4. Press release published by VINCI on 13 April 2017:

"Eurovia awarded motorway contract in Slovakia

- A €356 million contract for a new section of the D1
- An 8 km motorway section, a 2.2 km tunnel, 18 bridges and 6 km of noise barriers

The consortium led by Eurovia – the VINCI subsidiary specialised in transport infrastructure construction and urban development projects – and including Doprastav and Metrostav Slovakia has been awarded the contract to build a new 8 km section of the D1 motorway near Prešov, in eastern Slovakia. When it is completed, this motorway will connect Austria to the west and Ukraine to the east.

This €356 million contract covers construction of a 2.2 km tunnel, 18 bridges and over 6 km of noise barriers. Eurovia will be leading the construction work, which will begin in the summer of 2017 and is scheduled to be completed in 2021. As many as 500 people will work on the project at its peak.

The remarkable environmental protection measures include sprinkling systems for dust control, road cleaning systems and planting of 58,000 bushes and 500 trees.

Eurovia built the PRIBINA expressway, which was inaugurated in 2011, west of Bratislava, has also built several sections of the D1 and D3 since 2012, and remains actively involved in efforts to upgrade Slovakia's motorway network.

Slovakia is planning an investment plan between now and 2020, backed by the European Union's Cohesion Fund, to complete construction of its national motorway network. These new investments will provide faster and safer road connections across Central Europe, foster tourism and streamline access to the large industrial and administrative centres."

SUBSCRIPTION AND SALE

Overview of Dealer Agreement

Subject to the terms and on the conditions contained in a dealer agreement dated 12 July 2017 (the "**Dealer Agreement**") between the Issuer, the Permanent Dealers (being all Dealers other than those appointed as such solely in respect of one or more specified Tranches), and the Arranger, the Notes will be offered on a continuous basis by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The Issuer has agreed to reimburse the Arranger for its expenses incurred in connection with the Programme and the Dealers for certain of their activities in connection with the Programme.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

The following is a summary limited to certain tax considerations in France and in the European Union relating to the Notes that may be issued under the Programme and specifically contains information on taxes on the income from the securities withheld at source. This summary is based on the laws in force in France as of the date of this Base Prospectus and is subject to any changes in law. It does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of the Notes. Each prospective holder or beneficial owner of Notes should consult its tax advisor as to the tax consequences of any investment in or ownership and disposition of the Notes and should not apply information set out below to other areas including (but not limited to) the legality of transactions involving the Notes.

French Taxation

The descriptions below are intended as a basic summary of certain French withholding tax consequences in relation to the ownership of the Notes. This summary is based on the tax laws and regulations of France, as currently in effect and applied by the French tax authorities, all of which are subject to change or to different interpretation. This summary is for general information and does not purport to address all French tax considerations that may be relevant to specific holders in light of their particular situation. Potential purchasers of the Notes are advised to consult their own appropriate independent and professionally qualified tax advisors as to the tax consequences of any investment in, or ownership of, the Notes. The description below does not address specific issues which may be relevant for Holders of the Notes who concurrently hold shares of the Issuer.

- (a) Payments of interest and other revenues made by the Issuer with respect to the Notes will not be subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts* unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a "**Non-Cooperative State**"). If such payments under the Notes are made in a Non-Cooperative State, a 75 per cent. withholding tax will be applicable (subject to certain exceptions and to the provisions of any applicable double tax treaty) by virtue of Article 125 A III of the French *Code général des impôts*.

Notwithstanding the foregoing, the 75 per cent. withholding tax provided for by Article 125 A III of the French *Code général des impôts* will not apply in respect of the issue of the Notes if the Issuer can prove that the main purpose and effect of such issue of Notes were not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the "**Exception**"). Pursuant to official guidelines issued by the French tax authorities and published in the *Bulletin Officiel des Finances Publiques-Impôts* under the references BOI-INT-DG-20-50-20140211, no. 990, BOI-RPPM-RCM-30-10-20-40-20140211 no. 70 and BOI-IR-DOMIC-10-20-20-60-20150320 no. 10, an issue of Notes will benefit from the Exception without the issuer having to provide any proof of the purpose and effect of such issue of the Notes, if such Notes are:

- (i) offered by means of a public offer within the meaning of Article L.411-1 of the French *Code monétaire et financier* or pursuant to an equivalent offer in a State other than a Non-Cooperative State. For this purpose, an "equivalent offer" means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- (ii) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- (iii) admitted, at the time of their issue, to the operations of a central depository or of a securities delivery and payments systems operator within the meaning of Article L.561-2 of

the French *Code monétaire et financier*, or of one or more similar foreign depositaries or operators provided that such depositary or operator is not located in a Non-Cooperative State.

Furthermore, pursuant to Article 238 A of the French *Code général des impôts*, interest and other revenues on such Notes are not deductible from the Issuer's taxable income if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid to a bank account opened in a financial institution located in such a Non-Cooperative State. Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Article 109 *et seq.* of the French *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* 2 of the French *Code général des impôts*, at a rate of 30 per cent. or 75 per cent. (subject to the provisions of any applicable double tax treaty).

However, neither the non-deductibility set out under Article 238 A of the French *Code général des impôts*, nor the withholding tax set out under article 119 *bis* 2 of the same *code* will apply in respect of the Notes solely by reason of the relevant payments being made to persons domiciled or established in a Non-Cooperative State or paid in such a Non-Cooperative State if the Issuer can prove (i) that it can benefit from the Exception and (ii) that the relevant interest or revenues relate to genuine transactions and are not in an abnormal or exaggerated amount. Pursuant to the official guidelines issued by the French tax authorities under the references BOI-RPPM-RCM-30-10-20-40-20140211 no 80 and BOI-INT-DG-20-50-20140211 no 550, the issue of the Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of the issue of the Notes if the Notes satisfy one of the three above-mentioned conditions.

- (b) Pursuant to Articles 125 A and 125 D of the French *Code général des impôts* and subject to certain limited exceptions, interest and other similar revenues received under the Notes by individuals who are tax residents in France are subject to a 24 per cent. withholding tax. This withholding tax is an advance payment made in respect of the personal income tax of the individual receiving the interest or revenue, which is deductible from his personal income tax liability in respect of the year during which the withholding has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding at an aggregate rate of fifteen point five per cent. (15.5 per cent.) on interest and similar revenues paid by the Issuer under the Notes, to individuals who are tax resident in France.
