**Report
on payments made during the 2023 financial year
by VINCI group subsidiaries
in favour of public authorities
for their extractive activities**

This report, drawn up in accordance with the provisions of article L. 225-102-3 of the [French] Commercial Code, reports on payments made during the 2023 fiscal year by VINCI Group subsidiaries engaged in extractive activities to the public authorities of each of the States or territories in which they operate.

In accordance with legal and regulatory provisions, the disclosure covers the amounts of individual payments, or sets of payments where these are linked together, equal to or in excess of 100,000 euros, made per site, per country and per type of contribution, during fiscal year 2023, to public authorities. If no payments have been made by a subsidiary, or if a subsidiary carrying out an extractive project has only made payments below the 100,000 euros threshold, these projects or types of payment have not been included in the table in this report.

Taxes mainly concern corporate income tax due for the year, as well as taxes related to the income and production of project companies. This report does not include taxes levied on consumption or sales, such as value-added taxes.

Royalties and rents represent payments in return for rights to exploit quarries or hydrocarbon deposits.

In fiscal 2023, these payments were as follows:
