Press release

VINCI acquires 4.7% of the capital of Aéroports de Paris

Within the framework of the partial sale of the holdings of the French state and the French Strategic Investment Fund (Fonds Stratégique d'Investissement), VINCI acquires 4,643,968 shares of Aéroports de Paris (ADP) representing 4.7% of ADP's capital. This transaction was made at 78.50 Euros per share for a total investment of 364.6 million Euros. Once the transaction is closed, VINCI will hold 8% of ADP's capital.

As per the terms of the sale, VINCI will have a seat on the ADP board of directors no later than beginning at the ADP shareholders' general meeting that will vote on the 2013 financial accounts.

VINCI will propose to ADP, within the context of existing agreements, to enter into discussions to share their respective expertises, particularly in the area of international development.
