## **Supplementary Report of the Board of Directors dated 3 February 2022 on the capital increase reserved for employees of VINCI and its French subsidiaries in the context of the Group's savings plan in France**

To the Shareholders

Pursuant to the terms of the nineteenth resolution of the Combined Shareholders' General Meeting of 8 April 2021, you authorised the Board of Directors, on one or more occasions and for a period of twenty-six months, to issue shares intended to be subscribed exclusively by employees of VINCI and its subsidiaries that are members of the Group savings plans set up by VINCI.

The Board of Directors decided on 3 February 2022 to issue new shares with a nominal value of €2.50 on the following terms:

- The subscription period for the next operation reserved for employees of VINCI and its French subsidiaries in the context of the Group savings plan in France will begin on 1 May 2022 and will end on 31 August 2022. The shares subscribed by the Castor Relais 2022/2 mutual fund, which is to be merged with the Castor mutual fund upon completion of this reserved capital increase, will be fully paid-up upon subscription and will be entitled to dividends from 1 January 2022.
- The subscription price has been set at 95% of the average opening prices quoted on the twenty trading days preceding 3 February 2022, namely at €91.92 per new share to be issued, this price corresponding to a nominal value of €2.50 and an issue premium of €89.42.
- In accordance with the upper limit defined by the nineteenth resolution of the Combined Shareholders' General Meeting on 8 April 2021, the Board of Directors will ensure that the total number of shares capable of being issued pursuant to this delegated authority does not exceed 1.5% of the number of shares comprising the authorised share capital at the time the Board of Directors makes its decision. If the 1.5% limit is reached, the procedure provided for by the savings plan's regulations to reduce the number of shares to be issued or to cancel the transaction will apply.

The maximum number of shares that can be issued by reference to the number of shares comprising the authorised share capital at 31 January 2022 is 7,484,616, this number being arrived at in the following way:

	Number of shares	%
Authorised share capital at 31 January 2022	592,881,017	100.00%
Upper limit of the authority granted by the Shareholders' General Meeting of 8 April 2021, of 1.5%	8,893,215	1.50%
Use since 8 April 2021	1,408,599	0.24%
Maximum number of shares capable of being issued pursuant to this upper limit of 1.5%	7,484,616	1.26%

These figures will be adjusted to take account of changes in the authorised share capital.

### **The impact of the issue of a maximum number of 7,484,616 new shares:**
