Supplementary report of the Statutory Auditors on the capital increase reserved for employees of VINCI and its French subsidiaries, while cancelling preferential subscription rights, in the context of the Group savings plan in France

Decision by the Board of Directors on 18 October 2017

To the Shareholders

In our capacity as Statutory Auditors of your Company and in accordance with Article R.225-116 of the French Commercial Code (“Code de Commerce”), we hereby present a report that supplements our report of 16 March 2017 on the capital increase reserved for employees of VINCI and its French subsidiaries, while cancelling preferential subscription rights, in the context of the Group savings plan in France, authorised by your Combined Shareholders’ General Meeting of 20 April 2017 in its nineteenth resolution.

That Meeting delegated authority to the Board of Directors to decide on a transaction of this kind, on one or more occasions, during a period of twenty-six months and subject to a limit of 1.5% of the number of shares making up the share capital at the time the Board of Directors makes its decision, and with a subscription price that may not be less than 95% of the average opening price in the twenty stock market trading sessions preceding the date on which the Board of Directors makes its decision.

Under this authority, your Board of Directors decided in its 18 October 2017 meeting to arrange a capital increase in a maximum amount of €22,375,567.50 by issuing a maximum of 8,950,227 new shares reserved for employees of VINCI and its French subsidiaries and subscribed through the FCPE Castor Relais 2018/1 company mutual fund.

If the 1.5% limit is reached, the procedure provided for by the savings plan’s regulations to reduce the number of shares to be issued or to cancel the transaction will apply.

The subscription price was set at 95% of the average opening price in the twenty stock market trading sessions prior to 18 October 2017, i.e. at €76.42, including a €73.92 issue premium given that the nominal value of the shares was €2.50 each. The subscription period for this transaction is from 2 January 2018 to 30 April 2018.

It is the responsibility of the Board of Directors to prepare a supplementary report in accordance with Articles R.225-115 and R.225-116 of the French Commercial Code. Our role is to express an opinion on the fairness of the figures derived from an interim financial report, on the proposed cancellation of preferential subscription rights and on certain other information relating to the issue presented in that report.

We have carried out the procedures we considered necessary for this task in accordance with the professional guidelines issued by the French National Institute of Statutory Auditors (Compagnie Nationale des Commissaires aux Comptes) relating to this engagement. In particular, those procedures involved checking:

- the accuracy of the figures derived from the condensed interim consolidated financial statements for the six months ended 30 June 2017, prepared under the responsibility of the Board of Directors using the same methods and presentation as the most recent set of consolidated financial statements. We carried out a limited review of these condensed interim consolidated financial statements in accordance with professional standards applicable in France;
- the compliance of the transaction terms with the authority delegated by the Shareholders' General Meeting;
- the information provided in the supplementary report of the Board of Directors on the calculations used to determine the issue price and the final amount of the issue.

We have no comments to make on:

- the accuracy of the figures taken from the Company's condensed interim consolidated financial statements and provided in the Board of Directors' supplementary report;
- the compliance of the transaction terms with the authority delegated by the Combined Shareholders' General Meeting of 20 April 2017 and the information provided to shareholders;
- the calculations used to determine the issue price and the final amount of the issue;
- the presentation of the impact of the issue on the situation of holders of equity securities and transferable securities giving access to the capital assessed by reference to the total equity and the stock market value of the shares;
- the cancellation of preferential subscription rights, on which you have previously voted.
