### **Certificate of the Statutory Auditors on the information provided in the context of Article L.225-115-4 of the French Commercial Code relating to the total amount of remuneration paid to the highest-paid individuals in the financial year ended 31 December 2017**

Shareholders' General Meeting convened to approve the financial statements for the financial year ended 31 December 2017

---

To the Shareholders

In our capacity as Statutory Auditors of VINCI and pursuant to Article L.225-115-4 of the French Commercial Code, we have prepared this certificate on the information appearing in the attached document relating to the total amount of remuneration paid to the highest-paid individuals in the financial year ended 31 December 2017.

Preparation of this information is the responsibility of the Executive Vice President and Chief Financial Officer of the Company. Our role is to certify this information.

In the context of our duties as Statutory Auditors, we have carried out an audit of the parent company financial statements for the financial year ended 31 December 2017. The purpose of our audit, carried out in accordance with professional standards applicable in France, was to express an opinion on the parent company financial statements as a whole, and not on the specific items of those financial statements used to determine the total amount of the remuneration paid to the highest-paid individuals. Consequently, we did not carry out our audit tests and sampling for that purpose and we express no opinion on those items taken individually.

We have carried out the procedures we considered necessary for this task in accordance with the professional guidelines issued by the French National Institute of Statutory Auditors (Compagnie Nationale des Commissaires aux Comptes) relating to this engagement. Those procedures, which constitute neither an audit nor a limited review, involved making the necessary reconciliations between the total amount of the remuneration paid to the highest-paid individuals and the accounting information from which that figure was established, and verifying that amount corresponds to the evidence used as the basis for preparation of the parent company financial statements for the financial year ended 31 December 2017.

Based on our work, we have no matters to make on the reconciliation between the total amount of the remuneration paid to the highest-paid individuals appearing in the attached document and amounting to €15,114,793, and the accounting records that formed the basis for preparation of the parent company financial statements for the financial year ended 31 December 2017.

This certificate is a substitute for certification of the accuracy of the total amount of the remuneration paid to the highest-paid individuals within the meaning of Article L.225-115-4 of the French Commercial Code.

It has been prepared for your attention in the context specified in the first paragraph above and must not be used, distributed or referred to for other purposes.
